3,000 EGGS TO BE HIDDEN

Thousands Of Children
Expected To Take Part

Daly City's annual Easter egg hunt will be held for thousands of local youngsters again this year. Date for the event is Thursday, March 22 at 2:30 p. m.

(In case of rain, the event will be put over until Saturday, March 24 at 11 a. m.)

The same sites as were used last year will be used in addition of another site to accommodate the youngsters west of Junipero Serra.

There will be 3000 colored eggs hidden at three sites along with 54 prize eggs which will be marked "Prize," so there will be no mistaking these eggs for the others. Three age groups will be segregated so as to avoid as much congestion as possible. These age groups are: five years and under, six years to eight, and nine years to twelve.

The new site west of Junipero Serra can be found by driving west on Alemany boulevard until coming to a sign pointing in the direction of the site or by going directly to Garden Village school and following the signs. Mrs. D. Manis will be general chairman for this group.

The youngsters living south of the "Top of the Hill" will go directly to the top of Gambetta St. and group there. Erle Johnson will be chairman for this group. The remaining children will go to Frankfort street between Oliver and Templeton streets. Bucky Linhares will be chairman of the northern group.

The Daly City Police will assist along with the Daly City-Children Firemen in grouping the children and restraining them until "Hunt Time." It is requested by the committee that all parents please refrain from actually picking up the eggs for their children. The parents are welcome at all sites, but please let this hunt be for the youngsters.

The Daly City Recreation Department will again sponsor the egg hunt. The Colma, Crocker, General Pershing, Woodrow Wilson and James L. Snell PTAs and the OLPH Mothers' Club will assist along with the able assistance of the Colma-Daly City Girl Scouts and Boy Scouts. Many hours of preparation go into these annual hunts and it would be impossible to have them without the aid of the aforementioned organizations.

In a pre-hunt meeting held at the City Hall, Wednesday, March 7, the following people met to decide upon this year's sites, prizes, etc.: Elman J. Rose, Erle Johnson, Mrs. E. Nolan, Mrs. H. Heagney, Mrs. G. Kennedy, Mrs. D. Manis, Mrs. E. Hager, Mrs. A. Eason, Mrs. E. Prisco, Mrs. M. Lauffenburger. These ladies participated with the aforementioned at the meeting held last Wednesday: Mrs. Schmidt, Mrs. A. Ingersol, Mrs. V. Ennis, Mrs. S. Schroeder, Mrs. H. Dennis, Mrs. J. Bertetta and Mrs. C. Saarinen.

Blood Bank

Volunteers Needed Today

Officials of the San Mateo County Blood Bank today call attention to what they term "a serious situation" and call upon men and women to come to their aid.

Since January 1, they report, 1025 donors have given blood for non-military use, and of this amount, 966 units have been withdrawn leaving only a gain of 59 pints for the reserve supply.

The blood bank officials say that the gain between withdrawals and blood donations must be many times greater than the 50 figure if any guarantee of the bank meeting a wide scale demand.

TO DISCUSS RENT CONTROL

ANNEXATION OK'd BY CITY COUNCIL

400 Acres Would
Be Added Here

The first move in what some day may mean an additional 400 acres within the limits of Daly City was set in motion Monday evening.

Councilmen, at the request of several residents of unincorporated Colma (not including Broadmoor), gave unofficial approval for them to circulate petitions asking for the Colma area to be annexed to Daly City.

The council also agreed to give its official consent to allow the annexation to go to an election once the petitions are presented in regular forms.

Estimates are that it would take at least four months to circulate the petitions and hold an election for the annexation.

However, all indications are today that the election will be a success, and by the end of the year Daly City will have another 450 residents and 400 acres south of the present city line.

Need for better utilities, fire and police protection are some of the reasons given by the petitioners for their desire to join Daly City.

Lincoln Plaque

Crocker Students Win Coveted Award

On Friday, March 9, at a special student body meeting, A. J. Bodien, public works superintendent of Daly City, presented the Lincoln Plaque to Bob Bridges, a student in the eighth grade in the Crocker School for his essay, "Lincoln, The Emancipator."

The presentation marked the 19th year that such an award has been made by Bodien who instituted the Lincoln Essay program in the local schools in 1931. The second and third place winners in the contest were also from the Crocker School which made a clean sweep last year as well as this year.

Lane Colvin was the second place winner. Ronald Montelone received the third award.

Lenita Johnson, Crocker School student body president served as master of ceremonies. Others participating in the ceremony were Mrs. Elsie Berg, president of Crocker PTA, Hugh Falconer, general supervisor, Miss Marjorie Tobias, principal of the School and James Snell, superintendent of Jefferson Elementary District.

Mrs. Whittig, chairman of the Crocker PTA room mothers presented a gift to Mrs. Schober's Fifth Grade Class whose parents had the largest attendance at the PTA meeting last month.

(Ed. Note: The three winning essays are published elsewhere in The Record.)

Club Casino Notes Irish Day

St. Patrick's Day will be celebrated in the traditional Irish style in at least one quarter of Daly City tonight, March 15.

That will be at the Club Casino when Tom Mitchell serves up the 11th annual corned beef and cabbage feed...on the house.

This has been a regular feature at the Club Casino for the past 11 years, "Mickey" Mitchell noted today.

Following the Irish feed there

MEMBERS of the Lutheran Inter-Church Committee conclude arrangements for the Easter Sunrise Service to be held at the El Rancho Drive-In Theatre, Colma. Seated, left to right, Mr. Irwin Monagle, president of the El Rancho Drive-In Theatre Corp., Rev. B. F. Wallischlaeger, Pastoral Advisor to the Lutheran Inter-Church Committee, Karl B. Adams, chairman, committee members standing left to right, Mr. Wilbur D. Russell, Mr. Alvin E. Evers, Mr. Fred H. Squires, and Mr. Leslie R. Pickett.

WHITE STREET TALK SLATED

Broadmoor-Westlake
Route Under Fire

Scheduled for discussion this Friday, for the sixth time so far this year and for scores of times since 1949, is the problem of a connecting street between Westlake and Broadmoor.

The county planning commission is to meet with members of the Jefferson Elementary School Board and interested persons in Redwood City at 4 o'clock.

James Snell, superintendent of schools, reports the talk will center around the recent opposition by the commission of a route other than one running adjacent to the new Garden Village School. This route the school board has time and time again said they will never approve.

"However, from this meeting we hope some compromise may be reached," Snell said.

Until a connecting street between Broadmoor and Westlake is settled, construction of the upper Garden Village School will be delayed. The school cannot be built as long as the planning commission refuses to give up White street, a street which runs directly through the grounds slated for the new school. And the commission will not "surrender" White street until a connecting route has been approved.

Cancer Drive Chairmen Named

The North County cancer drive soon will get underway, and this week the following chairmen were chosen to lead the campaign:

Mrs. John Eason, 924 Hanover street, northern county chairman. She will be assisted by Mesdames Edward Byrne, 448 Irvington; William Hutchings, Colma; Jimmy Throne, Bayshore and Milton Jensen, Brisbane.

Anyone wishing to contribute may contact the chairman in their locality, or give direct during the April drive.

Youth Buried Alive

Daly City Boy Killed When Hole He Dug Caved In On Him While At Play

Robert Tiraschi, 4½-year-old Daly City boy, was killed Friday afternoon when a hole he had dug and crawled into collapsed and cut off his air.

He and two playmates had dug a hole in the sandy soil in Robert's back yard at 242 Thiers St. Robert had crawled into the opening head first. A second later the soil collapsed, pinning the young boy underground. The other children, not realizing what had happened, threw in dirt around his feet.

When Robert failed to move, one of his playmates, Richard Dougherty, ran to the house next door.

In A Hole
"Bobby is in a hole and can't get out," he told Mrs. Bart Maughan, next door neighbor.

Mrs. Maughan rushed out of her house to her neighbor's back yard where she found her daughter, Peggy, but not Robert. Noticing a spot of fresh dirt, she began to dig. A moment later she uncovered the boy's feet.

When she was unable to pull him out, she dug around the lad and lifted him from the hole. She then rushed back to her house and called police.

No one knows how long Robert had been in the hole. However, it must have been some time, as 30 minutes of artificial respiration, applied by Officer John Walsh, failed to revive the boy. He was pronounced dead on arrival at Junipero Serra Hospital.

Robert was the only child of Mr. and Mrs. Alfred Tiraschi. His father is a gardener, and the family moved from San Francisco to Daly City about one year ago.

Funeral services were conducted from the W. C. Lasswell & Co. mortuary, Saturday afternoon. Interment was at Holy Cross Cemetery.

Turkey Served On Irish Day

American Legion Post No. 410 has slated a St. Patrick's Day dinner at Legion Hall, 474 San Diego avenue, this Saturday.

However, instead of the traditional corned beef and cabbage, the Auxiliary will serve up turkey.

Mrs. Mary Gilbert is in charge of the dinner. She will be assisted by Mesdames Catherine Foreman, Margaret Rector, Cecelia Sukka and Erma Magnuson.

The dinner will be served at 7 p. m.

Founder Dies Crocker Chapter Mourns Organizer

The organizer of the Daly City chapter of the Eastern Star, Mrs. Lilly Tweedie Riddell, 663 Templeton avenue, died suddenly Friday night at Madera while on a vacation trip.

She and her husband had stopped for the night when she complained of feeling ill. A few hours later she had died.

Mrs. Riddell was a pioneer resident of Daly City, and had lived here for the past 39 years. She founded the Crocker Chapter 382, OES, and she was also an honorary member of the San Francisco and San Carlos chapters of the Eastern Star.

She is survived by her widower, George; two daughters, Mrs. Sybil Riches and Mrs. Dorothy Simon, both of San Carlos; and three grandchildren, Lynne and Phyllis Riches and Shirley Simon.

Funeral services, under the auspices of the Crocker Chapter, were held at the W. C. Lasswell and Co. mortuary, Tuesday. Interment was at Olivet Memorial Park.

CITY TO STUDY 6% PAY BOOST

Across Board Raise
Seen For Employees

A six per cent pay hike for municipal employees, or about one half what city employees requested, will be considered by the Daly City council at a special meeting Friday evening.

The council will meet with the Civil Service Board of Review Friday evening at 8 o'clock in an effort to reach a suitable agreement.

Reliable sources at city hall noted that the average raise would be about \$20 a month. City employees had earlier requested an across the board raise of \$40 a month.

The pay hike would effect every employee on the city pay rolls, with the possible exception of the new administrative officer and the city councilmen.

Councilmen indicate that if all goes well Friday evening, the pay hikes will be granted at the next council meet, March 28.

With about 40 city employees effected by the raise, the boost would cost the city about \$1,000 more a month in salaries.

"However, from a study of other cities and communities in the Bay Area we are convinced this is no more than a fair raise," Mayor Paul Green said today.

City employees declare that it has been from one to two years since the majority of them have received any wage increase whatsoever, and that due to the higher cost of living they deserve at least a small increase.

Irish To Take Over OLPH

Corned beef and cabbage in the true Irish tradition will be served up by the lads and lassies of the Holy Names Society and the Mothers' Club of Our Lady of Perpetual Help Church on St. Patrick's Day.

(Continued on Page 2)

School Board Election A Reader Objects To Recent Westlake Endorsement Of Candidate For Board

(Ed. Note: Following is a letter based on last week's story in The Record that the Westlake Property Owners Association had gone on record in favor of Claude Hanrahan's candidacy for the Jefferson Elementary School Board.)

Dear Sirs:
I am writing in reference to the recent much publicized "Endorsement" of a School Trustee Candidate.

It seems that, by remote control, a group of people have seen fit to speak for an entire community. This group of "speakers" have said that they endorse a candidate because he has their interests at heart. What interests are those?

It has always been the popular belief that school trustee is elected because his interests are for the ENTIRE School District in which he or she is serving, not just a part of that district. Our School District is a fairly large one, comprising Daly City, Westlake, Broadmoor Village, Garden Village, and Colma.

The people of Westlake are no doubt capable of speaking for themselves when the time comes. That time will be when they cast their ballots. I'm sure that I, as a voter and as a link in the com-

Council To Meet With Landlords To Talk About Rents

Group Calls For Letting Controls Die After March 31 Deadline Here

Possibility of lifting rent controls in Daly City will be discussed by landlords and the city council at a closed caucus meeting next Monday night.

The date was set by the council at their regular meeting Monday. The request for such a discussion was made by R. E. Lutz, 159 Vista Grande, who noted in a letter that he represented several landlords in this area.

Monday's discussion will come just two weeks before rent controls automatically will be discontinued in Daly City. Under the present federal law controls remain effective here only until March 31.

Extension Possible
However, the council may, by resolution, extend controls until June 30.

"Before we make any decision we also would like to hear from the tenants," Councilman Jim Kennedy said.

Those interested in having the council continue rent controls for another three months are asked to write the council at City Hall.

The only other principal action of the council Monday night was to designate Mission Circle as a one-way street... the first in the history of Daly City. Traffic will be stopped from entering Bepler, with machines running from Hillcrest Drive to Bepler only.

Also, again Monday there was a discussion between the council and residents of Concordia as to the proposed vacation of a portion of Bellevue. This hearing was held up for another two weeks until such time as the builder will be present to explain why he desires the vacation.

Bids were opened on a fence for the upper level of Marchbanks Park, and the San Jose Steel Co., with a low bid of \$2,328, was awarded the contract for the job.

Bids also were called for work on Edgewood Park, with March 26 set as the deadline to receive bids.

Stop Signs
Stop signs were authorized at the following intersections: Fieldcrest and Westlawn in Westlake; and Bellevue and Evergreen; and Bellevue and Roosevelt.

The hearing was closed on the annexation of three blocks of Garden Valley. This is property from Price to Market, east of Hillside Boulevard.

Other business before the council was:
1. Closing the hearing on the

rezone of a portion of Market Street from residential to commercial.
2. Setting April 9 for a hearing on the rezoning of No. 2 Mission Circle from residential to commercial.
3. Authorizing progress payment of \$30,843 to the Ralph Larsen & Son for work on the Community Center.

Blood Bank

(Continued from Page 1)
mand for blood can be counted on.
The bank therefore places emphasis on the necessity of blood-donor, chairman of various organizations starting an immediate drive for volunteer donors. It also asks that men and women between the ages of 18 and 60 years immediately telephone Diamond 3-1424 and make appointments to become blood donors for civilian use.

Hospit. Rejects

(Continued from Page 1)
Chope says, is in violation of a contract between the county and hospitals, whereby the county guarantees the expenses of indigent patients.
Meanwhile, at Community Hospital Henderson today was given a good chance to live, but only after six transfusions and five hours of work to repair his jaw.

The shooting took place in Henderson's two room trailer at the Treasure Island Auto Court, El Camino Real and Junipero Serra Boulevard. Whitmore said Henderson was shot in the jaw with a .12 gauge shotgun. He was found in the trailer by his brother, Albert.

The sheriff's theory is that Henderson shot himself intentionally or accidentally.

Won't That Thief Return Two Watches?

Dear Sirs:
Last week you had a story in The Record about the mail box thief, that robbed Orlando Martin's home, 40 Mateo Avenue.

You said they took only \$70. This was not quite true. They also took two wrist watches. One watch was to his wife. It was the same one he brought from overseas. He can never replace it.

Another watch was given to him by his sister, and had this engraved on the back: "To My Brother from Your Sister, Erma."

If the thief has a brother or sister, or wife, he would return the wrist watches. They mean so much to the Martins.

Thank you,
Mrs. Messina
Rt. 1, box 25, Colma

will be dancing.
All of Mitchell's many friends, Irish or not, are invited to attend.

OLPH "Irish"

(Continued from Page 1)
rick's Day, March 17.
The dinner will get underway at 6 p. m. in the school auditorium. The public is invited to attend.

Following the feast, a dance will be held. Music will be furnished by Mat Vidmar's orchestra.

Westlake Church Has Attained 64 Active Members

March 4 concluded the final date of the Westlake Community Baptist Church in the listing of its charter membership.

The Church was founded October 15, 1950, and has since attained an active membership of 64 members. Its constituency consists mostly of Westlake residents of Daly City, but the church boasts of several members who come from such great distance as the Marina in San Francisco.

Many fine people from the Broadmoor and Garden Village areas have also found the Westlake Community Baptist church a group of warm hearted Christians with a pioneer spirit to build a great church for future generations to enjoy also.

Plans for a beautiful Palm Sunday service have been in operation for sometime. Several outstanding musicians have been engaged to make the Palm Sunday Service and the Easter Service one long to be remembered.

Decorative plans include a platform with many beautiful lilies to make the service decorative, but beautiful as well. Two choirs will also render beautiful Easter numbers adding something extra to a full rounded musical program.

Members of this fast growing church hope to purchase their property within the near future and start their building program which will include one of the finest infant nurseries and tiny tots play room to be found anywhere.

Rev. Roy L. Milam, Pastor, says that conditions for the future look bright, because he believes that the people of this Church are the finest workers than any pastor could have.

H. F. Stewart

Funeral services were held from the W. C. Lasswell & Co. mortuary Monday for Herbert F. Stewart, 42, mail clerk living at 1052 Brunswood.

He died Friday night within a few hours after being admitted to the San Mateo Community Hospital.

A native of Missouri, Stewart was a veteran of World War II. He was a member of Federal Post No. 315, American Legion, San Francisco.

He is survived by his widow, Mary.

Burial was at Golden Gate National Cemetery.

The treaty settling the Russo-Japanese war was signed at Portsmouth, New Hampshire, in 1905.

Easter Sun-Rise Services Held This Year At El Rancho Drive-In

Something new and entirely different will take place in the Bay area when the first Easter Sun-Rise Service will be held at the El Rancho Drive-In Theater on Junipero Serra Boulevard.

The setting for this service will be a beautiful one. The El Rancho is located on one of the hills surrounding the southern edge of San Francisco and is ideally situated for a service of this kind. People attending the service will be able to drive in to the grounds and remain in their cars for the entire service. They will be able to hear the entire program through the amplifier at each car location. There will also be ample space for every one.

Easter Message

Chaplain Oscar C. Reinboth, who was called back into active duty and is located at present at Camp Roberts, will deliver the Easter message. Chaplain Reinboth served in the European area with distinction during the last war. Located on the front lines in the Italian Theater, Chaplain Reinboth held a unique service on the last Easter before the war ended. He preached the Easter message in English to the men of our forces and then turned to the enemy lines and preached the same message in German to them. All firing came to an end as the men of both sides listened to the wonderful news of Christ's resurrection.

Cub Pack No. 36 Reports Fund Raising Campaign A \$1,000 Success Story

By Mrs. E. K. Whinnen
The fund raising campaign instituted the latter part of last month by Pack 36, and climaxed last Pack meeting, was definitely a success.

Over \$1,000 was raised to carry on Pack activities for the coming year. Whole hearted participation the key to this gratifying success, by dens and parent sponsors was Cooperation can be a wonderful thing, can it not?

Cub Master Smith (erroneously reported in an article as Schmidt) seems to have an endless collection of new ideas that keeps the Cubs on their toes, and delights the parents. His newest was singing commercials. (Do I hear groans?) Without any forewarning whatever, Cub Master Smith called on the dens, starting with one and going through the list, to get together and pick out a singing commercial heard over the radio or television, and stand as a group and sing it. Duplications were O.K. as each den was to keep its choice a secret until sung for the audience. All the better known and catchier singing commercials were presented. One, incidentally, was sung three times. Can you guess which one it was?

Good Skit

A timely skit was put on by Den 3. It was the Easter Parade, and consisted of three boys dressed as dandies, with suits, hats, and one complete with walking cane, promanading onto the stage. Shortly thereafter three cubs dressed as girls in Easter finery, came onto the scene, and it wasn't long before they were paired off and

Gossip Game

The gossip game was played too. You adults are probably familiar with this game. The first person in a row starts, telling the one next to him something in a whisper. Thus it is passed down the entire line, and written down at the end. Then the original is compared with the finished story. True to the name "gossip" the final story has little likeness to the original.

Boys who secured five or more blood donor pledges, were given certificates of honor from the U.S. armed forces. Six boys received the certificates. They are: Edward Kraemer, Bill Miller, Bobby Heinze, Henry Mikaloco, Tony Boroso, and one boy who wasn't present, and whose name, unfortunately, was indistinct.

Baseball Games

The league baseball games are soon to get underway, and the pack isn't going to make the showing it did last year unless the boys come out more regularly. Some practices there are many boys, other practices too few. Have to be a little more regular, boys, if you expect to get any trophies this year. Remember baseball practice periods are: Every Friday at 4 p.m. and every Saturday morning at 10 at Aptos playground.

Two boys were rewarded with very nice prizes for marked achievement in the fund raising campaign. Dave Wilson was presented with a beautiful new trapper's mitt, and Jerry Rosenberg received a fishing rod, reel, line, leaders, hooks — everything but worms — and the fish. Have fun.

NEWS FROM THE SCHOOLS
Room 2—5th Grade A.M.
The following students in the 5th grade, Room 2 A.M., had perfect attendance last month: Ray Ambrosio, Carmen Bria, Cecile Champagne, Dana Donham, Richard Erickson, David Hebler, Jack Klassen, Judy Larcher, Roger Lorenz, Reuben Martinez, Helena Orpikowski, Janice Owen, Joan Perotti, Diane Rauh, Wardene Riley, Walter Sacchieri, Fernando Teglia, James Wilson and Irma Vranich.
Room 3—5th Grade
In Room 3 we are about to complete our study of the Westward Movement. We have studied about the early pioneers of the 1800's who moved to the free lands of the west in their covered wagons. We have also completed our Easter decorations with a bright border of yellow daffodils and a large Easter bunny.
Room 4—A.M.
The Sixth Grade was excited and thrilled over last Wednesday's snow storm. A count of hands showed 30 out of 42 had never seen snow and of those who had seen it only 3 had actually seen it falling. As a result all bundled up in sweaters, scarfs, galoshes and coats and a hasty walk around the building was taken. Many were glad to come in out of the wet and cold but some of the braver gathered up enough snow for a few snowballs although their hands suffered since none wore mittens. An art lesson being given at this time resulted in some fine studies of falling snow.
Room 6—A.M.
Room 6 is preparing a Social Studies Unit on Europe. In connection with this, the current events magazine has aided us with a discussion of democracy and communism and what America is doing to fight communism through its Voice of America broadcasts. In art, some interesting effects were achieved through the use of fresco paints. These paints are particularly good for class room work because they eliminate the need for water in order to use them.
Room 5—7th Grade P.M.
The students of the 7th grade boys, and relax—you've earned it. All over boys participating were given prizes too.

Two Weeks Left In Daly City Red Cross Drive

With a little over 2 weeks left for the San Mateo County Chapter, American Red Cross, to complete its Fund drive for 1951 the funds now collected stand at \$55,000 which is 40 per cent of the goal.

The local chapter must raise \$135,000 in order to carry on its program in San Mateo County for 1951. This is the absolute minimum necessary if the local chapter is going to carry its share in the world-wide needs of the American Red Cross.

Answer Call

The Red Cross is your organization, ready to answer the call of distress, eager to serve those who need its help and to do it in a personal and understanding way — these services cost money — the Red Cross is counting on your help. Make the campaign for 1951 a 100 per cent — give today.

Here in Daly City, Residential Chairman, Mrs. Marion McKaskle, reports today her committee has collected close to \$900, even better than she had expected.

Those women who have made the residential drive such a success include Mesdames: E. D'Isoph, Julia Jordan, George F. Windhurst, Olga Bordson, Rose Watson, Clara Poket, Rita Cady, Martha Linden, Mary Benando, Thelma Hamilton, Betty Kohlbrener, Muriel Thistle, Ellen Wallace, Rhea Daniels, Vivian Pahlka, Lillian Twombly, John Matzek and Cook.

Mrs. Eva Hobbs is the assistant chairman for the drive.

Meanwhile, Mrs. McKaskle asks all Daly City residents who have given to post the Red Cross stickers in their windows. This, she declares, will save workers who will be collecting next week from bothering those who have already given.

G. B. Delfino

Requiem Mass was celebrated for Giovanni B. Delfino at Our Lady of Perpetual Help Church last Saturday.

Although a resident of San Francisco, Delfino, who died Friday after a long illness, was well known in Daly City. He was 58 years old.

A native of Italy, he was a member of Sausage Makers Union No. 203.

He is survived by his widow, Maria Delfino; sons Joseph and Frank, and daughter Mrs. Anna Zucconi.

Interment was at Italian Cemetery.

are learning to draw models to scale. They enjoy doing this type of arithmetic.

Room 1—P.M.

7th Grade. One of the seventh grade students, Sue Hinkle, took part in the School Days Television Program. She participated in the spelling part of the show.

Crocker students are proud to report that for the second consecutive year, students from this school have won all three awards in the Lincoln Essay Contest, sponsored annually by Mr. A. J. Bodien, who in 1933 presented a Lincoln Plaque. At an outdoor assembly, the plaque was presented by Mr. Bodien to the winner, Bob Bridges, 8th grade, A.M. Session, Room 1 student. Also commended were Lane Calvin and Ronald Montelcone second and third prize winners, both 6th grade students, P.M. Session, Room 4.

The assembly was further delighted to have Mrs. Wittig, room representative chairman, present to the 5th grade, regular session, room 3, the prize of two ivy plants in colorful containers, for having had the most mothers present at the PTA meeting.

Guests present were Mrs. Berg, PTA president, Mrs. Wakefield, vice-president, Mrs. Julia & Effie Jordan, committee chairman, and Mrs. Wittig, room mother chairman. Leading the pledge to the flag were Supt. Snell, and Mr. Falconer congratulated the student body. Mr. Bodien presented the plaque while student body president Lenita Johnson conducted the assembly.

Eagles To Celebrate St. Patrick's Day With Party Thursday Evening

Colma-Vista Grande Aerie No. 1848, F.O.E., will hold its annual St. Patrick's night in honor of the Irish members of the local Aerie tonight, March 15, in the Aerie Hall at 3342 San Jose avenue at 8:15 p. m.

In addition to the traditional corned beef refreshments, which have always been the highlight of this festive occasion, other things have been planned to entertain the large number of members who are expected to attend.

The Eagles have been conducting an amusing membership campaign during the past several weeks which was known as the "Rabbit Hunt" campaign. This activity terminates tonight, and a large class of new members is expected to be initiated in honor of all Eagles in the Armed Forces throughout the world.

Members who brought in new candidates during the Rabbit

Hunt campaign will join in a "Hassenpfeffer" dinner soon after the end of the campaign.

Another occasion which all Eagles are looking forward to is the special party in honor of the Eagles Memorial Foundation to be held in the Aerie Hall on Saturday night, March 24. Further details will appear in next week's edition of The Record.

RENT CONTROLS UNDER DISCUSSION

Rent controls will get the once over by the city Monday evening.

In this, the first meeting between city officials and landlords, there is expected to be discussed the pros and cons of lifting the rent controls in Daly City.

The landlords, who made the request for the hearing, have already stated they wish the ceiling abolished. Councilmen appear split as to whether or not to continue with controls.

Unless the federal government steps in to rule on the matter, not only for Daly City, but for the nation at large, the city council must decide on whether or not to abolish controls March 31.

The landlords have taken the initiative. Now it is up to the tenants. If you have any interest in rent controls don't hesitate to write to your city councilmen. They want to hear both sides of the matter before making a decision which will effect the economy of hundreds of people in this area.

PARKING METERS PROVE THEIR WORTH

Despite all the furore about parking meters, it appears merchants and residents alike have grown resigned to the fact that they are here to stay.

True, there is need for a few minor changes, but on the whole during the past month the meters have proven a real boon to the majority. There are a few who still contend the meters are "killing business," but they are mighty few.

In a recent San Francisco survey of the meter problem, business men found that the meters were the best thing that had happened to them since the QPA went off. They generally agreed that the availability of more parking space resulted in more customers.

This evidently holds true for Daly City. For the first time in 10 years it is now possible to find a parking place on "top of the hill." Housewives who at one time shopped according to where they could park their cars...and that wasn't in Daly City...are now returning to local business establishments.

Of course, there are some bad points about the meters. Some places, in front of homes, they are not called for, and have proven a nuisance. Other districts could afford to have a two hour instead of the one hour time limit. These points are still to be ironed out by the city.

On the whole, however, the city is to be congratulated for installing the meters.

WHERE IS THE NEW POST OFFICE?

What's happened to the new post office for Daly City?

Almost six months ago the San Francisco Post Office Department, which has a branch office here, promised a new building would be up by the first of this month. Then, due to the new building regulations, the date was delayed, but construction was promised to begin about March 1.

The contract for this job has been let to A. R. Haskins. As yet, city officials report, there has been no move to submit plans for the new building to the city.

No one appears quite certain as to why the delay.

However, the hundreds of persons who each day miss the inadequate facilities of the present post office are getting mighty tired of waiting on promises.

It is a well known fact that red tape can tie up any project for not just months, but often years. We hope this tape hasn't so smothered the post office project that by the time the new building is actually constructed it will be too small to meet the increased population.

STILL THEY PLAY THE MACHINES

Number of lads and lassies under 18 counted playing pin ball machines in local establishments after 10 p. m. Wednesday: 15.

Number of High School students playing pin ball machines in another local establishment during the lunch hour Monday: 7.

A simple amendment to Daly City's present pin ball ordinance would outlaw these machines for juveniles! And by the way is it legal for minors to gamble? (Or is playing a pin ball machine just simple amusement?)

California Last Week

The Governor said the Franchise Tax Commissioner's Office is to get sufficient help to enable it to make surveys of state income taxes. He made this remark during a discussion of the Kefauver committee investigation of lobbyist Artie Samish. Left Sacramento for Arrowhead springs to convalesce from neuralgia himself, and took his daughter Nina with him. She is convalescing from polio. Returned to Sacramento in time for the opening of the legislature.

The Legislature prepared for its job of considering more than 5,000 bills as it swung into session at noon Monday, March 12. Assembly Ways and Means Committee okayed sufficient funds (\$101,000) for a new crime commission recommended by Governor Warren. Senator George Hatfield's Civilian Defense Committee met last week to hear testimony from northern California communities on their civilian defense needs. Senator Abshire's committee on lobbying credentials held a closed meeting with the assembly committee headed by Richard Dolwig of San Mateo county, for "organization" purposes.

The Departments: Board of equalization revoked a Tuolumne county liquor license when it was shown the holder had been convicted of slot machine possession, first action of its kind since the new anti-slot machine laws went into effect, and reiterated its stand that persons holding liquor licenses cannot engage in the slot machine business. Education continued an investigation into the matter of a group of its employees holding stock in a company selling furniture to school districts. Agriculture scheduled several milk hearings, indicating higher prices for milk are in the offing. Public Health predicted epidemic outbreaks of chickenpox and measles this year.

NEW ARRIVALS

To the wife of John R. O'Brien, 642 Larchmont Drive, March 2, a daughter.

To the wife of Wade R. Watkins, 121 Los Banos, March 5, a daughter.

To the wife of John R. Davis, 185 Westlawn Avenue, February 23, a daughter.

To the wife of William W. Hansen, Jr., 237 Wilshire Avenue, March 3, a son.

To the wife of Kenneth R. Hanson, 144 N. Mayfair Avenue, February 26, a daughter.

To the wife of John H. Spry, 444 Westlake Avenue, March 1, a daughter.

To the wife of Paul I. William, 9 Muirwood Drive, March 4, a son.

To the wife of Stanley E. Webb, 556 MacArthur Street, March 4, a son.

Thursday, March 15, 1951

The Record, Daly City, Calif. 3

(Ed. Note: This is the ninth of a series of ten special articles.) Every honest worker in California who wants to work, and does, and who does not think the government owes him a living, should be an enthusiastic supporter of the move to end the "lag-quarter" chiseling against the California unemployment insurance funds.

While only an estimate of the unemployment insurance payments in this category can be made, a conservative estimate is that at least \$25,000,000 a year is drained from the fund.

Coupled with the \$25,000,000 a year, or more (again a conservative estimate) that is illegally being taken from the fund by those who "voluntarily quit" their jobs and those who, having voluntarily quit or being honestly out of a job, do not try to get another job but evade a new job by subterfuge, a total of at least \$50,000,000 a year is being drained from the unemployment insurance fund.

It is estimated that this improper drain, together with other loopholes, will remove possibly \$25,000,000 from the fund for the year 1950 and that the deficit in the fund, for 1950, will be about \$23,000,000.

This is important because it will inevitably lead to higher payroll taxes on employers, who pay the entire cost of unemployment insurance and might even lower the fund to the point where payments of unemployment insurance to workers out of jobs will be stopped.

Under the present law, all payments can be stopped.

The remedy to stop the "lag-quarter chiseling is quite simple, but before explaining this remedy, which will be given the legislature for action in the 1951 session, the operation of this racket will be explained.

Unemployment insurance claims are based on the worker's earnings for the first four quarters of the last six-quarter-years, or 3 months periods.

A worker at \$50 a week would earn \$2600 if he worked a full year. This would entitle him to the maximum unemployment insurance payment of \$650 at the rate of \$25 a week for 26 weeks.

More Money If his job continued another six months, he would earn \$1300 additional.

Upon stopping work, he could file for benefits, and using the first four quarters of the six quarters he has worked, he would get \$25 a week for 26 weeks, or six months.

He would have to support himself some way, other than by steady work, during the next six months.

But on the first anniversary of his claim, he could file another claim, using the 5th and 6th quarters of his earning period, which

were left over when he filed his claim.

High Earnings The \$1300 he earned in those two quarters would be enough to get him \$25 a week for 26 more weeks. So, he could loaf at the expense of his fellow-workmen and the state unemployment insurance fund, for a total of 12 out of 18 months.

The total of \$1300 in unemployment insurance payments he would receive would be charged against his former employer's reserve fund to the extent of \$900 and the remaining \$400 would be charged against the general state unemployment insurance reserve fund.

Of course, the employer also pays the \$400 or at least, together with all other employers in California, he pays it.

And of course it reduces the fund by \$1300.

Good Remedy The remedy would be an amendment to the effect that all excess wages over those used in the computation of the first unemployment payments award, shall not be used in the computation of subsequent awards, until the claimant has had intervening employment and earned therein the wage credits that are necessary for an original claim for benefits.

With reference to the above illustration, under this reform amendment, it would be necessary for the claimant to get a new job and earn \$300, the minimum wage credit entitling him to unemployment insurance benefits.

If he earned \$300 he then could use the \$1300 left over from his first claim, and draw \$25 a week for 26 weeks.

High Wages

With present high wages, many could earn \$300 in a very short time and still indulge in some chiseling, but this requirement for some honest work would reduce the chiseling greatly.

It also would be in strict accordance with the intent of the unemployment insurance law, namely, that it be used to help those who want to work, who try to get work and who are out of work through no fault of their own.

Unless these and other changes are made in the present unemployment insurance law, to protect the fund, there is grave danger that the system will break down.

That is why the state senators and assemblymen should be alerted by the people in their districts to enact these amendments at the present session of the legislature.

The alternative will be discussed in the next installment.

California's unemployment insurance system is facing a crisis.

Slowly, but steadily, it is going broke.

The solution is in the hands of the 1951 state legislature.

Either of three things will happen under the legislature acts.

The tax, now entirely paid by the employers, will have to be raised.

Employees, who since May, 1946, have not paid for unemployment insurance, will again have to find their paychecks reduced by a 1 per cent or more, deduction for unemployment insurance.

Payments Stopped

Or, as provided by the present law, when the fund reaches a predetermined low point, ALL UNEMPLOYMENT PAYMENTS TO THE UNEMPLOYED WILL BE STOPPED.

The changes suggested in this series of articles, if made by the present state legislature, will stop some of the frauds and chiseling against the fund, and avoid any of the three unpleasant alternatives above, as long as the present high employment continues.

Already "merit rating," which fixed the employers' rate of unemployment insurance tax from 0 to 2.7 per cent, is temporarily "out of the window."

Chiseling

Largely because of chiseling, the unemployment insurance reserve fund in California was so reduced in 1949 that starting the first of January, 1950, every employer under the act was assessed a minimum tax of 1 per cent.

Some employers had such a good record of continued employment for their workers that they paid no tax in 1948 and 1949.

Now, through no fault of their own, they are paying a tax the same as levied on less efficient employers.

Of course, as it becomes financially more difficult to do business, partly because of high taxes, workers are liable to lose their jobs entirely. Many employers in the past have been taxed out of business.

No Sympathy

This is not a sympathy plea for employers.

If the unemployment insurance reserve fund drops below a certain point, unemployment insurance can be stopped altogether.

They would not be able to get any unemployment insurance.

WEEKLY NEWS ANALYSIS

Probers Charge Illegal Influence Exerted to Obtain R. F. C. Loans; Troops to Europe Fight Continues

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

The United Nations launched an offensive on a 60-mile front in Korea aimed at killing as many Communists as possible. The offensive, called "Operation Killer," moved forward behind continued artillery barrages. U.N. commanders reported Red forces retreated all along the line and set their losses at 64,000 in the period January 4 to February 28.

R.F.C.: Illegal Influence

What may turn into one of the rowdiest battles in the administration's history began to take shape when a subcommittee of the senate banking and currency committee charged that influence emanating from the White House had been exerted on the R.F.C.'s lending policies.

At first the investigation seemed just another periodic urge to probe by investigating senators. But then President Truman stepped in where many Presidents have feared to tread and disclosed he had collected a file of letters written by congressmen to the R.F.C.

He let it be known that he had in his possession between 700 and 900 letters, most of them from congressmen, and some asking favorable consideration of loan applications.

At the time it looked like President Truman was turning the investigation from the White House back to the senators themselves.

Immediately the senators screamed that they refused to be intimidated.

It was at this point that the President issued a statement saying he saw no reason to make the correspondence public since it did not show any illegality either on the part of the executive branch or legislators.

The investigation fell into something of a lull after the first flurry of publicity, but it is not likely to stay dormant for very long. It has all the ingredients for a mud-slinging battle. And the offended senators are not likely to forget Truman's tactics of turning the spotlight of publicity upon them.

Moreover, it appears that before the fight is ended a set of new, deep resentments between the President on the one hand and influential members of congress on the other will have been created—the latest in a long and bitter series.

FIXER:

Faces Huge Tax Lien

Salvatore T. Sollazzo, who allegedly spent thousands to fix big-time college basketball games, found himself the subject of an investigation by the federal government. The internal revenue bureau placed a \$1,128,493 tax lien against him.

The effect of the lien was to freeze Sollazzo's assets until the government can collect whatever it may be entitled to. The lien listed allegedly unpaid taxes running into hundreds of thousands of dollars for each of the years from 1943 through 1947.

There was no indication from the government as to the source of Sollazzo's income during those years. He is a jewelry manufacturer.

Meanwhile, investigation of the bribery charges against players for three New York colleges continued. No investigation in recent years has caused so much comment in the sports world.

Basketball is the most popular high school and college sport in the nation. Repercussions of the investigation were felt even to the high school level.

"DON'T BLAME US"

American Farmer Is on the Defensive

The American farmer is angry. He is on the defensive and he doesn't like it.

Since the government ordered price controls the farmer has been attacked with the charge that he is the "hog" in the high food price picture. And to make matters worse, there appears no way for the farmer to convince the consumer that he is not getting the

BACK EUROPE:

Dewey and Stassen Plea

The split within the Republican party on the issue of sending troops to Europe came into sharp focus with testimony of Harold E. Stassen and Gov. Thomas E. Dewey before the senate foreign relations and armed services committees.

Dewey had previously backed the administration's policy of sending troops to Europe. Stassen joined Dewey in opposing Sens. Kenneth S. Wherry, Nebraska, and Robert A. Taft, Ohio, and supporting the administration's claimed authority to send American troops overseas without congressional restrictions.

In urging the policy of sending troops to Europe, Stassen said: "If America showed timidity and short-sightedness in refusing to back up General Eisenhower, I believe the reaction right inside America would seriously undermine the stability and confidence in our own economy which is essential for all purposes."

Governor Dewey went even further than Stassen. He told the senate groups, as he looked at Mr. Wherry across 20 feet of space in the caucus room:

"The most terrible thing that has happened to this country and the world is the defeatism evidenced by some of the questions asked here as to whether we could hold Europe."

Dewey and Stassen visibly angered some Republican senators by their testimony. That anger will possibly find expression when the Republicans begin a serious search for a presidential candidate in 1952.

As far as sending troops to Europe and backing Gen. Eisenhower's plan to defend Europe, the congress finds itself in a position where it can do nothing but back the administration. Any action to the contrary would be a serious blow to world peace.

AMENDMENT: Two Term Limit

The 22nd amendment, barring future Presidents from serving more than two elective terms or more than 10 years in the White House, was added to the constitution when Utah and Nevada became the 35th and 36th states to ratify the amendment. A three-fourths majority, 36 states, was needed to make the amendment effective.

Minus the legal phraseology, here's what the amendment provides:

That a President may serve only two elected terms. A man who served up to two years of another President's unexpired term could still serve an additional eight years.

But a Vice-President succeeding to the Presidency and serving more than two years before the term expired would be eligible for election only once.

The proposed amendment had been kicking around in state legislatures since March, 1947, but only 24 states had voted to ratify until late in January of this year.

The amendment does not apply to President Truman. He was specifically exempted when congress submitted the proposed amendment.

The last amendment to the constitution—the 21st—repealed prohibition. It became effective December 5, 1933.

KOREA:

Operation Killer

United Nations forces under Lt. Gen. Matthew Ridgeway pushed forward in a limited offensive called "Operation Killer" with the idea of eliminating as many Chinese as possible. The offensive was operating on the Ridgeway thesis that "terrain as such is of no value."

There were also indications that the Chinese Communists were concentrating behind a maze of trenches and strong points for another counterattack against U.N. troops.

A new over-all picture of the Korean conflict was beginning to emerge from the confused fighting of the past few weeks. It seemed to be this:

The war was at a stand-off between Chinese manpower and U.S. firepower. Neither side could win a decisive victory without committing much larger forces than they seemed willing to commit. But of the two, the Chinese seemed to be getting hurt the worst.

With this thought in mind, a number of United Nations delegates were again hoping the Mao Tse-tung might be willing to reopen peace negotiations.

NAVY:

Senate Approves Bill

The Senate unanimously approved a \$2,358,092,000 atom-age navy modernization program. The bill, already cleared by the house, was sent to President Truman for his signature.

It would authorize the navy to build a new 67,000-ton super-carrier capable of handling atom bombers. The navy also could buy about 140 new warships with a total weight of about 500,000 tons, and convert 292 others with a total weight of 1,000,000 tons.

Meanwhile, Gen. Omar Bradley reluctantly accepted a house armed services committee compromise bill to lower the draft induction age from 19 to 18½. The bill would increase the term for all draftees from 21 months to 23 months.

Bradley said he would accept the plan reluctantly because some form of legislation was needed to reach the goal of 3,500,000 men under arms as soon after July 1 as possible.

RENT CONTROL:

A Limited Extension

The senate banking committee approved a three-month stopgap extension of federal rent laws controlling the rents of 7,000,000 homes.

The committee resolution will be sent to the senate floor for action. Existing rent controls expire March 3, except in communities which decide to continue them. Communities so deciding may remain under federal ceilings until June 30.

Under the new resolution federal ceiling would stay in effect until June 30 except in communities which decide to abolish them.

The administration has been plugging for a law permitting more widespread application of rent controls. Since the war rent control has been removed from millions of homes.

TRUMAN:

Interesting Speculation

President Truman is the subject of a bit of interesting speculation in and about Washington. It has been rumored that he may run for his old senate seat when his term expires January 20, 1953.

Although no one would say for sure and it is much too early to speculate on presidential possibilities, old friends of the President continue to say he is seriously considering a return to the senate where he passed 10 happy years.

Most observers believe Mr. Truman will not make up his mind whether to run for another term until early next year.

Stassen

Harold E. Stassen, president of the University of Pennsylvania, called for "drastic and definite" support of Gen. Dwight Eisenhower by prompt rearmament of western Europe. The former GOP presidential aspirant made his plea in testimony before the senate foreign relations and armed services committees.

RUBBER:

NPA Announces Slash

The national production authority ordered a reduction in the amount of natural rubber in approximately 40,000 products. The order went into force the first of this month.

A NPA spokesman said the order was designed to conserve natural rubber for stockpiling, armaments, and industrial items for which demand will increase as the mobilization program advances during this year.

Night League Sarto A. C. Defeat Hoyt Heaters; Ralph's Cleaners Downed By Vets

In the second series of games of the second Jefferson Basketball Night League last Tuesday, Sarto A. C. came through for a 47-24 win over Hoyt Heaters, and Veterans' Inn downed Ralph's Cleaners 40-32.

Barnes again proved he was the key man for the Sarto lads, sinking eight field goals and two free throws for 18 points. To date he has scored more points than any other man in the league.

The heaters were assisted by Hartje and Heller, both of whom came through for 7 points each.

Johnson hit with 19 digits to swing the Veterans' Inn into winning position in the first half. His closest competitor on Ralph's team was Allain who scored 13 points.

This Tuesday evening, beginning at 7:20 p.m. at the Jefferson gym Hoyt Heaters meets Veterans' Inn, and Ralph's tangles with Sartos.

Brown's Trout Largest In '50

That 22-pound lunger that California angler Robert L. Shunk-wiler caught last year in the Owens River Gorge turned out to be the Nation's largest brown trout recorded in the 1950 Field and Stream magazine fishing contest.

Browns landed in California last year ran away with national honors as five out of the ten top annual awards went to fish taken in the Golden State. Besides the first place prize given to Shunk-wiler's 22-pounder, the runner-up was a 19-pound brown trout taken from Convict Lake by William W. Nobles.

A 14-pound largemouth black bass caught in California in 1948

Donkeys, Aided By Faculty, Beat Lions

Although the Jefferson High School faculty claims they won last Thursday evening's donkey basketball game, both the faculty and their opponents, the Lions, suspect only the donkeys came out on top.

The final score was 4 to 0 in favor of the Faculty but not before the four legged players had scored more than one "basket" of their own by kicking off a player.

Howard Miguel and Frank Walsh scored the two baskets for the faculty, but both men modestly claim the credit can be given the donkeys.

While the Lions roared for more cooperation from their mounts, the donkeys appeared more interested in other matters.

In the pre-game contest, sans mules, the Jeff coaches defeated the P. E. champs 36 to 17.

still holds the nation-wide all-time Field and Stream record.

Final Week Of Archery Contest Slated

Last Sunday 16 boys and girls came out for the third week of the ABR Jr. Six Gold Archery tournament.

It was surprising how many good archers there are in Daly City. The young "Robin Hoods" were shooting from 2 p.m. to 6 p.m.

Following are the members of the teams and the scores to date:

First Team, 1406 points: Gene Whinnen, 382; John Childers, 341; Herb Ayres, 321; Gary Baker, 362.

Second Team, 1087 points: Tony

Third Team, 823 points: Carmen Bria, 254; Frank Bria Jr., 212; Robert Rich, 177; Dean Maerl, 180.

Fourth Team (all girls), 974 points: Diane Valentino, 298; Diane Deverley, 255; Peggy Holcomb, 185; Marilyn Whinnen, 236.

This Sunday, March 18, will be

Plans are now being made for the intermediate and senior archery shoot. If you wish to get in, drop a card to the Recreation Department, care City Hall.

Supervised Easter Vacation Fun Planned For Parks

The Daly City Recreation Department will have supervised programs at Lincoln Playground and Marchbanks Park daily during the Easter vacation.

The hours will be from 9:30 a.m. until 5:00 p.m. A marble tournament will be held on March 21, which is on a Wednesday, at Marchbanks Park. The marble playing will be held on the top level of the park at the foot of Parkview Ave.

If you "kids" haven't been to Marchbanks Park since all of the equipment and apparatus has been installed, you have really been missing out on a lot of fun. Make a trip over to this beautiful park and treat yourselves to a day of fun. There are two large areas just for skating. On the middle level you'll have more fun than you could have at a circus. There is a large merry-go-round, a super-high spiral slide twenty feet high, and swings and rings aplenty. For you mothers and your little tots there is a special area just for you. There are small swings, a tiny merry-go-round, a junior size slide and a big climbing tree.

The lower level of the park is excellent for events like football, softball, basketball, etc. Bucky Linehars is the Park Director and will be there to accommodate everyone as much as possible.

At Lincoln Playground Frank Bria is the week-end Playground Director and Bill Tergis is the weekly Playground Director.

Jeff Baseball

Early Practice Games Indicate Indians Have Good Chance At Pennant

With three wins and two losses to their credit, last year's PAL baseball league winning Jeffs meet San Francisco's Balboa high today, March 15, in still another practice game.

The Peninsula Athletic League, however, doesn't open until April 6. Still, from the opening games it appears more than likely that Jeff will again emerge on top of the heap, or at least put up a good fight trying.

Golden hope for a repeat of title honors this year is resting with the only four men from last year's scoring team:

Big Hope
Pitcher Ed Cereghino, one of the best to come out of the PAL league in many a year.

Outfield Leo Gianechini who this year has been moved up to short stop position.

Pitcher Jim Hatchel who can hold his own with anyone in the league.

Catcher Manuel Roland, who this year has been shifted to the outfield.

Other lads who are showing promise of assuring a league title this year, according to Coach Glenn South, are: Charles Donley, pitcher and first base; Bryan McMahon, catcher up from the sophomore team; and Conrad Disch, a third baseman with no previous experience.

Also Serve
Other members of the squad include: Lawrence Jenkins, of; Bob

T. SARTO PITCHES WINNING GAME AGAINST SOLONS

A dream of glory came into sharp reality Tuesday when a Daly City youth pitched a game against the Sacramento Solons, and held them down to three hits for eight innings.

The baseball "miracle" was performed by 18-year-old Tito Sarto, son of Joseph Sarto.

Pitching with the University of San Francisco, Tito met the professional coast leaguers in Stockton. According to the books, the lads with the experience and big bats should have chased young Sarto off the mound in two or three innings.

Sweating, swearing and generally amazed, the Solons at the end of eight innings were behind 8 to 2, and had only managed to get three hits.

About this time Tito, for lack of food and worn out by the heat and excitement, asked for relief. The next pitcher wasn't so fortunate, allowing the Solons to score four more runs. However, the final score was still 8 to 6 in favor of USF.

Girls' Softball Who Says They Can't Play Ball?

Tuesday the girls from OLPH and Jefferson schools had a fun-fest at Marchbanks Park. The girls played a softball game, which Jefferson won 16-10. Both teams played fine ball and the game was touch and go all of the way.

Satan A. C. Play C Ball To Lose In A League

The Satan A.C. just weren't up to a victory last Sunday, and went down 6 to 1 before the superior playing of Lobdell Cleaners to lose any chance in the finals of the city recreation department Class

Jeff Baseball Early Practice Games Indicate Indians Have Good Chance At Pennant

Schaffer, c; William Nieve, lb; Ist Galente, ss; Bill Green, 3b; Gene Lorenzo, 2b; Rich Tranthem, 2b; Don Wilson, 2b; Larry Blanchard, 2b; Harold Haze, Fred Thompson and Morris Leveoni, all outfielders.

Coach South believes the following lads will be in the starting team: McMahon, catcher; Cereghino, pitcher; Hatchel, relief pitcher; Chuck Donley, first base; Second base undecided; Conrad Disch, third; Leo Gianechini, short stop; Manuel Roland, left field; Center field, undecided; Lawrence Jenkins, right field.

Sarto A. C. Win Chance At Title

Defeating the Oakland Police Department 8 to 10 last Sunday, the Sarto A.C. won a chance for the final playoff in the San Francisco Golden Gate League.

This game probably will be played Eastern Sunday. Sarto's opposition still has to be decided.

Meanwhile, this Sunday the local boys will take on Leslie Salt at noon at Golden Gate Park.

Quinones, who pitched a fine game last Sunday, will again be on the mound for Sarto's this Sunday.

Jeff Swimmers Edge Lincoln Last Thursday

by Eugene Lorenzo

With Lou Reese's Jeff varsity swimming team trailing by 30 to 28, and only the four man relay to go, Bill Allan, Ed Galindo, Norm Cady and Stan Davis took to the water to bring in the winning points.

That was the highlight of the meet in the Lincoln High of San Francisco pool last Thursday. Jeff came out for the second time undefeated; by the score of 36 to 30.

In the 30s division, Jeff led Lincoln through the water for a 34 to 21 win. Lincoln had no 20s, so some Jeff boys entered in the 30s race. Among these were Bud Reynor, who put in a good showing when he came in second in the back stroke.

Ed Galindo and Don Espinoza pulled the upset of the day when they both edged out Lincoln's ace performer Don Campbell. Campbell is the title holder of the far Western Diving Championship.

Galindo ran away with the points, racking up 160 to Espinoza's 140. This was the biggest surprise of the day.

Art Schnell, San Davis a n d Norm Cady continued their excellent work by taking first place in their event. Schnell won the 100 back stroke; Davis the 100 free; and Cady the 50 free.

It is of interest to know that this was Cady's 33rd straight win without a defeat.

Today, March 15, Jeff will meet Burlingame for the opener in the Peninsula Athletic League.

How they played:

Cady, 50 free, first.
Hickman, 100 breast, third.
Allan, 200 free, second.
Jones, 200 free, third.
Schnell, 100 back, first.
Diamond, 100 back, third.
Davis, 100 free, first.
Galindo, diving, first.
Espinoza, diving, second.

A baseball playoff.

Second baseman J. Sartor was the only member of the local team to cross the home plate from the third base line. As a pitcher, Viola gave up only 9 hits, but six of these were enough for the opposition.

On the other side, Francis pitched an eight hit game for the Cleaners.

JR. ROD AND GUN NOTES

By George Johnson

BASS FISHING

Mr. and Mrs. Louis Galletta and Mr. and Mrs. Harold Martin went bass fishing on the Napa River recently. One fish was caught by Mrs. Galletta. It was a 9 pound 4 ounce striped bass. Whenever any fish are caught in this party it is always by the women, much because the men sleep too much.

SPORT SHOW

Tuesday, March 6 was Daly City night at the Sports Travel and Boat Show. About 250 Daly City residents turned out for the event. Mayor Paul Green gave a very fine speech on the Daly City Rod & Gun Club.

JR. ROD & GUN

The Junior Rod & Gun members are planning a beach fishing trip

in the near future. Many of the boys on the rifle team are shooting for their NRA Ranger emblems. Some of the boys are: Gary Anderson, Bill Evans, Dick Evans, Freddie Bertetta and Jim Jones.

All of the boys who wanted them received free tickets to the Sports Show. Tickets were furnished by Uncle Ed Mierding.

At the last meeting a camera was given away. George Rocchi received the camera which was donated by Al Biagini.

The Senior Club is planning a Father & Son night very soon.

Two new boys will become members at the next meeting. They are Rudy Schubert and David Coito.

Marin County Pest Spray Kills Fish

The widespread use of fish-killing rotenone as a pest spray by California dairy farmers has probably caused "serious losses" to salmon and steelhead trout in some Marin county streams, and "is under suspicion" as the mysterious poison in unaccountable fish deaths throughout the State.

The California Division of Fish and Game has joined with the State Department of Agriculture to warn farmers against careless or indiscriminate use of the powerful chemical.

Source of thousands of fish deaths in Marin County streams was first detected by Fish and Game Warden Al Giddings. He found that fish were killed in San Geronimo Creek just after cattle were sprayed with rotenone as a protection against ox warble fly. One farmer was arrested.

Discovery
The discovery touched off a thorough investigation of dairy farms in the north coastal area. Patrol Captain Lee Shea and his warden found "indisputable evidence" that wholesale fish deaths occurred after the seasonal cattle spraying.

Rotenone, a derivative of derris root, is used by the Division of Fish and Game to remove undesirable fish from lakes and reservoirs which are being rehabilitated for later stockings of game fish. The concentration used is approximately one part rotenone to two million parts of water, but is in powder form and contains only five percent of active ingredients.

Strong Spray
The strong spray concentration by dairy farmers often finds its way into nearby streams and results in "tremendous loss of fish life," according to the Division's Bureau of Fish Conservation.

SMJC Events

Athletes Have Good Field Day

San Mateo Junior College athletes had a field day last weekend.

The tennis squad, coached by E. H. "Sy" Bashor, defeated Stockton College seven matches to none; Coach Dell Fishback's trackmen took ten first places out of fourteen to defeat Sacramento Jaycee in track at Sacramento, and Coach Herb Hudson's baseball team won its seventh and eighth straight games by taking a double header from College of Marin 17-0 and 6-2 on the Burlingame diamond.

All three sports will continue this week despite the midterm examinations. The track team will face Marin and San Francisco State College on State's field Saturday.

Next week will be Easter vacation week for the college and adult center so that no classes will be in session during that time.

Junior college students are planning to sponsor a movienight at the Baywood theatre late this month to raise money for their various activities this semester.

The southernmost glacier in the United States, Palisade Glacier, is in Inyo County.

Truckee, in Nevada County, is said to be named for General John Fremont's Indian guide.

The lowest temperature ever recorded in San Francisco was 27 degrees F., the highest, 101.

A State-wide survey of the use of rotenone is now under way by the two agencies. Fish and Game Commissioners will hear a report from Sanitary Engineer Robert M. Paul at their April meeting.

\$150,000 taxes daily for your well-being

A. B. Jacobsen, chairman of the Monterey County Board of Supervisors, says the Company's new Moss Landing Steam Plant "will contribute more revenue in local taxes than any other single industrial development in the history of Monterey County."

P.G. and E. is the State's largest property taxpayer. In 1950 we paid over 27 million dollars in local taxes. Federal and state taxes brought our total taxes to almost 55 million dollars! That's better than \$150,000 a day.

A business-managed utility produces taxes instead of consuming them. This tax revenue would have to be obtained from other sources if our business were publicly owned and tax exempt.

P.G. & E. PACIFIC GAS AND ELECTRIC COMPANY

J. F. Nielsen, Redding car dealer, says: "Local businessmen benefit directly from P.G. and E.'s annual payroll of \$1,640,000 in Shasta Division, and all of us benefit from the Company's taxes of more than \$1,700,000—almost half of all property taxes collected in our county."

Charles H. Atkins, Superintendent of Schools, Amador County, knows the value to his community of P.G. and E.'s property taxes. For, of the total property taxes collected by Amador County last year for its 21 schools, 58% or \$209,176 was paid by P.G. and E.

Bill Tod, is shift foreman of our new 670,000 hp Contra Costa Steam Plant, which represents an investment of \$80,000,000. P. G. and E. already is the largest property taxpayer in the county—over \$1,850,000 last year. The new plant will boost local tax revenues even higher.

The new plant will boost local tax revenues even higher.

ADVERTISING IS AN INVESTMENT TOWARD THE PERPETUAL GROWTH OF PROFITABLE BUSINESS

MOTOR EFFICIENCY AS IT APPLIES TO BUSINESS

Motor efficiency is what puts the "go" into an automobile, the power which makes it move ahead. Though the lines of the car be correct with late streamlining, the upholstery luxurious, the supply of accessories most complete; . . . unless the motor is efficient, the automobile is most assuredly not a complete success.

Advertising acts as the motor of business. The more effective the advertising, the more quickly will the merchandise advertised move, and the business forge ahead. It pays to have a good motor (advertising) in your business. Though your wares be of the best, representing the highest in merchandising achievement, . . . unless you can SELL them, your business is doomed to be listed as unsuccessful.

The most desirable kind of an advertising motor is the one which makes your wares move fastest. The surest way to make your wares move quickly is to introduce them to the greatest possible number of people who are looking for just that particular kind of merchandise.

The number of these people represents a certain—almost invariable—percentage of all the people who have had the opportunity of hearing about your goods. The greater the total number of people whom you reach, is the greater the number included in the percentage who will buy. This is just a simple matter of fourth-grade mathematics.

Therefore, motor efficiency in business means the adoption of the most far-reaching adver-

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUNiper 4-6449

The month of April is designated as Cancer month. The Chairman of the Cancer drive this year in Bayshore is Jimmie Throne, and his committee has planned several programs to raise funds for the drive. Here are the things they hope to put over. A teen-age dance for the older kids. A puppet show for the youngsters, and whist and bingo for the adults.

Cancer research is a pretty vital thing to all of us. A look at the statistics shows us that Cancer rates second in this country in death by disease. Last year there were 210,000 deaths in the U. S. from Cancer.

Going back to the teen-age dance for a moment, we have a definite date on that. It will be

Lutheran Easter Services Stated

"Only as Christ's Passion makes clear to us that it was the compounded sins of hatred, anger, envy, deceit, pride and selfishness that sent Him to the Cross, do we become aware of the beatific nature and destructive power of even the smallest sin. Only then do we see clearly the destruction that haunts our wounded world."

This observation was garnered from a recent Feast of the Passion sermon, delivered by the Rev. Robert G. Konzelman, pastor of The Lutheran Church of Our Savior, located at Garfield & Junipero Serra Boulevard.

Holy Week will begin with the Festival Services on Palm Sunday at 11 a.m. and 7:30 p.m. on Maundy Thursday at 7:30 p.m. the Sacrament of Holy Communion will be celebrated, and the last of the Feast of the Passion sermons will be delivered.

On Friday, a community Good Friday service will be held from 1 to 2 p.m. A cordial invitation is extended to Daly City residents to worship at The Lutheran Church of Our Savior during Holy Week.

Calvary Church Gives Dinners

The ladies of the Calvary Baptist church these days are outdoing themselves by entertaining with pot luck dinners.

Those who haven't been coming have been missing a treat.

The church's Sunday school and Bible classes are held every Sunday. There is mid-week prayer service Wednesday at 7:30 p.m., and Tuesday at 10:30 a.m.

The ladies parlor meets at Friday at 1 p.m. An up to date nursery for all ages with a competent nurse to care for the babies is also available at the church.

Unemployment Payments Drop

MARCH 15. (CNS) — Unemployment insurance payments in California dropped below 100,000 for the week ending Feb. 22, the State Department of Employment reported today.

Claims filed in the So. San Francisco office of the department totaled 297, while payments were 237, the department's report said. Throughout the state, 125,613 claims for insurance were filed during the week, and 94,650 were paid, compared to 316,278 filed and 252,859 paid for the comparable week a year ago.

The Junior Grand National itself, will run from March 17 thru March 22. It is the big show for 4-H and Future Farmers, and will be worth the time and money to take it in.

The Bayshore Improvement Club will have its monthly meeting on March 23, at 8 p.m. There will be discussion on community welfare, and refreshments will be served. All residents are invited to attend.

Baptist Church

The topic Sunday morning at the Baptist Church will be "Who Is He?" The Sunday evening topic will be "Patrick's Testimony." (That sounds interesting.) Friday evening there will be a showing Cecil B. De Mille's great epic, the "King of Kings," depicting the life of Christ. It has sound background, and everyone should see it at least once. They will show the picture on Friday afternoon at 3:45 for the youngsters.

Measles Hit

We have had a small epidemic of measles in the neighborhood. The kindergarten class at Bayshore school has been hit heaviest, with some second grade youngsters down with the spots.

The Mr. and Mrs. Club are planning an Easter picnic for their members. If the nice weather holds, it should be a nice outing. On the proposed agenda is an Easter Egg Hunt for the small fry.

The Bayshore PTA meeting March 9, was an interesting and busy one. Robt. Moore was guest speaker, and he presented a film on Safety In The Home. They also elected their officers for the coming year. Mrs. Perkowski is to be the new president, and Mrs. Murphy will be the vice-president.

The Bayshore PTA is busy with its coming Bazaar, to be held on April 4 in the school auditorium. Handicraft will be sold, along with clothing and ceramics. There will be games to play, and hot dogs will be sold during the lunch hour. The Bazaar will be open from 10:30 a.m. to 5:00 p.m.

Easter vacation comes up this week, and the kids won't go back to school until March 26. If our freak summer holds out for another week, they should really enjoy a week of leisure.

The Dunham family will spend ten days in San Diego this coming week or more. Mrs. Dunham will visit relatives, and Mrs. Stonking will take over Mrs. Dunham's troop 42 of the Girl Scouts during her absence.

Alco. Anonymous Opens Group Here

With seven charter members a chapter of Alcoholics Anonymous opened in Daly City this week.

Those interested in joining or seeking further information may do so by phoning JUNiper 5-4153, or writing P. O. Box 1726, Colma, 25.

Thursday night has been adopted as the regular meeting night, and for the present the meeting will be for alks only.

The group has been sponsored and assisted in getting underway by the Mission-Amazon group, which has drawn most of its membership from the southernmost districts of San Francisco.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510 Public Works Building, Sacramento, California, until 2 o'clock p.m. on April 4, 1951, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

San Mateo County, in the City of Daly City, at the intersections of Mission Street with San Jose Avenue and with Market Street (IV-S.M.-2-DIC), full traffic actuated signal systems to be furnished and installed and channelization to be constructed at two (2) intersections.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Classification	Rate per hour
Apprentice (oilier, fireman or watchman)	\$1.94
Asphalt plant engineer	2.29
Boxman or mixer box operator (concrete or asphalt plant)	1.99
Carpenter	2.375
Cement finisher (journeyman)	2.20
Concrete mixer operator (up to one yard)	1.94
Concrete mixer operator (over one yard)	2.24
Electrician	2.75
Fireman in hot plant	1.94
Flagman	1.65
Laborer	1.65
Operator of jackhammers, vibrators and all air, gas and electric tools	1.775
Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)	2.59
Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)	2.69
Power grader operator (power planer, motor patrol or any type power blade)	2.44
Reinforced steel worker	2.325
Roller operator	2.29
Spreading machine operator	2.29
Tractor operator	2.29
Truck driver (8 cubic yards water level capacity or more)	2.20
Truck driver (6 cubic yards and less than 8 cubic yards water level capacity)	1.83
Truck driver (4 cubic yards and less than 6 cubic yards water level capacity)	1.74
Truck driver (less than 4 cubic yards water level capacity)	1.61
Any classification omitted herein not less than	1.65
Overtime— not less than one and one-half (1½) times the above rates.	
Sundays and holidays — not less than one and one-half (1½) times the above rates.	
Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.	
No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also pre-qualified as required by law. (See said Proposal Requirements and Conditions.)	
The Department of Public Works reserves the right to reject any or all bids.	
DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS. G. T. MCCOY, State Highway Engineer. DATED MARCH 9, 1951. (Publish March 8-15-22, 1951.)	

James Snell PTA Changes Staff

Mrs. Hugh Falconer, president of the James L. Snell PTA Unit, accepted with regret the resignation of Miss June Gross, School Nurse, as Health and Safety Director for the Unit.

Due to increasing school duties and recent illness, Miss Gross is unable to continue her duties. Miss Gross will be remembered.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

No. 17008
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of ARABELLA S. LEIB, Deceased.

Notice is hereby given that the undersigned, as executors of the Last Will and Testament of ARABELLA S. LEIB, deceased, will sell at private sale to the highest and best bidder upon the terms and conditions hereinafter mentioned and subject to confirmation by said Superior Court, on March 28, 1951, at the hour of 11 o'clock A.M., or thereafter within the time allowed by law at the offices of Reginald L. Vaughan, at 1418 Mills Tower, 220 Bush Street, San Francisco 4, California, all right, title and interest in the estate of said Arabella S. Leib, deceased, at the time of her death and all right, title and interest that said estate has acquired, by operation of law or otherwise, other than or in addition to that of said Arabella S. Leib at the time of her death in and to the real property described as follows:

Portion of Lot 15, 16, 17 and 18 and a portion of Hilltop Road as designated on map entitled (Map No. 2 of Highland Park, San Mateo Co., Cal.) which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 6, 1898, in Liber E of Maps at page 32 and a copy entered in Liber 2 of Maps at page 98, more particularly described as:

Beginning at a point in the Westerly line of Baywood Avenue as shown on the map above referred to, said point being distant 218 feet from a fence post marked K and D, said fence post being northeasterly corner of the Denham 4.05 acre tract; thence leaving said Westerly line of Baywood Avenue North 66° 37' West 123 feet 10 inches; thence North 44° 22' West 183 feet 4 inches to a point in the northerly line of said Denham 4.05 acre tract; thence on and along said Northerly line South 83° 56' West 191 feet 6 inches to an iron pipe monument; thence South 84° 26' West 178 feet 3 inches to another iron pipe monument; thence North 86° 13' West 122 feet 2 inches to the Southerly line of a certain 12 feet right-of-way granted by Walter R. Hoag to Henry Denham et al. by deed dated April 14, 1906, recorded June 4, 1906, in Book 126 of Deeds at page 394; thence on and along the Southerly line of said right-of-way South 69° 15' West 29 feet 9 inches; thence leaving said line of said right-of-way South 60° 36' East 291 feet 8 inches to a point on the dividing line between the lands acquired by E. W. Howard by deed dated September 13, 1905, and recorded in Liber 101 of Deeds at page 288; San Mateo County records and the lands formerly owned by Gertrude H. Whitwell, as described in Book 125 of Deeds at page 140, Records of San Mateo County; thence along said dividing line South 30° 57' West 50 feet; South 60° 36' East 190 feet, more or less to a point on the dividing line between the lands of Henry Denham and the land now owned or formerly owned by Jacob Heyman Company; thence North 29° 24' East 50 feet; South 60° 36' East 217 feet 9 inches more or less to a point in the said Northwesterly line of Baywood Avenue, being the Southeasterly corner of the lands of Denham; thence on and along said line of Baywood Avenue Northeasterly 250 feet to the place of beginning.

Containing 3.24 acres more or less.

Bids or offers are invited for said property and must be in writing and will be received at the office of Reginald L. Vaughan, attorney for said estate, or may be filed with the Clerk of the Superior Court or delivered to William F. Leib and W. Selby McCreery personally, at any time after first publication of this notice and before making said sale.

Said sale will be made upon the following terms:

Cash, lawful money of the United States, 10% of which must accompany the bid and the balance must be paid upon confirmation of the bid by the said Superior Court.

Dated: March 7, 1951.

WILLIAM F. LEIB, W. SELBY MCCREERY, Executors of the Last Will and Testament of Arabella S. Leib, Deceased.

Reginald L. Vaughan, Varnum Paul, John G. Lyons, 1418 Mills Tower, 220 Bush Street, San Francisco 4, California, EKxbrook 2-1423, Attorneys for Executors (Publish: March 8-15-22, 1951.)

for her very able chairmanship of the school district's Christmas project for needy children.

To succeed Miss Gross, the Unit has appointed Mrs. Vincent P. Murphy of Broadmoor Village, who had already commenced her work. As a registered nurse and

POLLING PLACE
Crocker School, 649 Bellevue

TALK OF THE TOWN

By DIANE DALY

This should prove to be a very busy week end what with the United Irish Societies under President Edwin J. Duggan scheduling activities in celebration of St. Patrick's Day. High Mass will be held Saturday at St. Mary's Cathedral in San Francisco and the traditional parade will take place in the afternoon. Setting for the Grand Ball will be the shamrock-be-decked Civic Auditorium, where the Queen of the celebration will be presented. A fair colleen she is too—lovely Miss Patricia O'Reagan. (Couldn't be Irish?) Thursday noon at the Palace the Shrine Luncheon Club honored St. Patrick and installed members of the mythical Hibernia Temple.

WEARIN' OF THE GREEN:
On the local scene F.O.E. Auxiliary 1848 drill team have their new outfits on hangers awaiting the traditional Saturday St. Patrick's parade. Rosslyn Adams, captain, has been in a quandary for some weeks now, since one after the other of her members has taken to their beds with flu. Unless they recover in time the Irishers will be one unit short.

DINTY MOORES:
Well be-fitting Irish and other members alike, was the corn beef and cabbage supper served Thursday night by the F.O.E. Aerie 1848. Held annually, this year places were set for some hundred guests, with decor followed in shamrock motif—Receiving congrats for his culinary skill was chef—Bill Carington.

NAMESAKE:
Just a little too early to double the celebration of St. Patrick's, was the arrival of Michael Carter Callan Jr. who weighed in at St. Mary's Help at seven pounds and seven ounces on March 8. Michael senior is handing out cigars indiscriminately since he is so pleased with his son and first child. Uncle Tom Callan is calmly and fondly looking forward to the time when Jr. can take over office boy duties—Pure blarney!

NOT REALLY MAD:
Just a little "burned up" about a batch of french fries that accidentally overturned in his kitchen, Mr. George Rode of 1066 Hanover st., is nursing a badly burned hand and foot—and a grudge against his former favorite—Next time try IRISH potatoes.

A NEW START:
Four of six daughters of a Fillipine minister and missionary in Leyte, are homeward bound again after four years of schooling at Phillips University in Enid, Oklahoma. Two of the girls, Betty and Ruth Monag-Banag are distinguished guests of Mr. and Mrs. Clare Vohn, 292 Hillside Blvd., who entertained them last week. Both girls studied English, Bible and Religious education and will soon be re-united with their family in Tacloban, Leyte. The sisters have been feted throughout the Bay Area.

SURPRISE PARTY:
A surprise party was given by Mr. and Mrs. Albert Wawcott, 399 Ellington St., for their daughter, Pat, on the occasion of her eighteenth birthday. Assisting were her sisters Alberta, Mary Lou and Lynn, and her cousin John Ross. Pat wore a pale yellow pique frock for the occasion and wore an orchid corsage, a gift of her parents. Some sixty-five young people were present, and the rooms were cleared for dancing. Arriving a little breathless, (after a cross country trek) was her special guest, Art Lauffenburger, who is a track star at San Mateo Jr. College.

Following the dancing and social, refreshments were served from a buffet, which was lighted by tall tapers, and predominated by a large Birthday cake. Best friend Anne Allen arranged many of the details for the party, which no doubt was the reason it was such a huge success. Many lovely gifts were received, among them a much wanted cashmere sweater.

CORONET:
In the March issue, the 1942 mystery of the crewless blimp that crashed on the north side of Daly City was written about at length by Walter Boyd. This has never

been satisfactorily explained away, and practically no details were ever let out, but it proves one thing to me: Those who are planning and building bomb-shelters and organizing Civilian defense have a long memory—and it may serve them well.

OLD TIME DANCE:
Members of the younger set will dance to the music of Bob Ramage's band the night of March sixteen, when they will arrive at Jeff for the Block J Benefit Dance. In 49er theme, the couples will come in the ever popular jeans, grey khakis and gingham and denim for what should be a real super stomp!

BETROTHED:
At a tea given recently by the Alfred Hillbacks of 2063 Bryant St., Palo Alto, the engagement of their son Donald to Madelyn Mejia of this city was announced. Nuptials will take place the last day of March, at the Stanford Memorial Church in Palo Alto. Madelyn is a graduate of Jefferson and is the daughter of Mr. and Mrs. Anthony E. Mejia, 74 Partridge Lane.

HELP WANTED:
Mayor Green appeals to any localities who are anxious to back up our Civilian Defense organization, to register at the City Hall listing hours they can give for volunteer work. At present clerical workers to compile lists and file are very badly needed, so here is your chance to get into the City Hall the easy way!

AROUND TOWN:
Lorene Gardner, tagging all the good cooks in town for a cake or bake for the March 30 sale, to be held in Sproule Rietz. (Eagles Auxiliary.)
Elman Rose, getting underway with his plans for a better-than-ever May Festival.
Mrs. Minnie Smith, fugitive from the Garden Club, being welcomed home after a sojourn in Seattle, Wash.
Mr. and Mrs. Elzingre, 222 Los Olivos, rumored to be leaving to take up residency in San Carlos.
Newly engaged . . . Nancy Walker and Al Hernandez.

C. E. S. and G.
In teen language this means the exclusive Cook, Eat, Sew and Gab club. At a recent luncheon, members followed a United Nations theme, and the following dishes were served: From Italy, Napoleon macaroni salad, made by Sunny Sullivan (Wait till the Irish hear this!). From Mexico, a spicy Tamale Pie made by Senoritas Bobbie and Diane Surger. From the islands, Sea Foam Hawaiian nut Delight cake, made by Astrid Chun Fat, and to typify France, her sister Pat brought French Marble Custard Ice Cream. (I am drooling, as I send in application for membership. What do I care about a few more calories?)

GOLF GREAT:
Popular Bob Sylvestri, Daly City's hope for the City Golf Tournament, and four time runner up in the past five years lost out last week in a very close match with Bob Daniel at Harding. Einer Hansen scored handily over Aldo Galletti. . . .

FASHION SHOW:
Setting a precedent was the huge success enjoyed by the James Snell PTA's Fashion Show, held last Saturday afternoon at Jefferson Auditorium, under the chairmanship of Eleanor Meitz. In full spring decor, the setting featured blooming daffodils massed for effect across the stage and down the ramps to floor level. A spotlight was operated for further advantage from the balcony and highlighted the new fabrics and colors for everyone's better view.
Mrs. Falconer, president, dressed in a very smart and pretty black crepe, with a black lace peplum and wearing a large brimmed black hat, welcomed guests at the entrance. Mrs. Lee Pennington, up from San Jose to conduct the fashion commentary, attractive in a grey-checked suit dress, with white pique revers. . . . Quite an expert on good style, as well as Fashion, she gave the picture of the current styles, and consoled the "big girls" with news that hips are in fashion—If a waistline is notice-

MRS. CARL LUDWIG HANSEN of Atherton, member of the Board of Trustees of the San Mateo County Heart Association, with Mrs. Frances B. Tinney of Redwood City, displays plastic heart being placed in stores and restaurants to raise funds for the Heart Fund, devoted to research on heart disease, America's No. 1 killer. At right Julio Dougherty of Hillsborough, co-chairman, with Mrs. Tinney of the Heart Drive, displays small hearts which are being mailed to homes for individual donations. Quota for San Mateo County is \$10,000. Donations may be sent to San Mateo County Heart Association, 117 South Ellsworth Street, San Mateo.

Three Crocker Students Present Their Prize Winning Lincoln Essays

(Ed. Note: Following are the three prize winning "Lincoln" essays. See page 1 for complete details.)

LINCOLN, THE EMANCIPATOR

By Bob Bridges
1st Winner

Oh yes! I knew him. And believe me, a man of Abraham Lincoln's quality will never be forgotten; for he has built a unique standing in the heart of America. He was kind, considerate, brave, and reliable. Let me tell you about him.
Kind? Yes, so kind that his heart was moved with sorrow when he saw the Negro slaves. He was truly one of our great personalities. He always had a word of kindness or encouragement for anyone who came his way.
Even when this great man was a boy of eight, he showed strong traces of consideration that made him famous. When his mother died, which was a hard blow for such a young boy, Lincoln carried on. He helped chop and carry in the wood, care for the land, and did the many other chores that showed true sincerity and consideration.
Can we truly say he was brave?

SEEN ON THE WALK:

Such sweet and beguiling youngsters—not a tear shed—Juniors performing with ease and doing just what the should—Intrepid Linda Pancost, former model, making her initial showing in a maternity outfit, appearing later in a fitted skirt and westkit, thus exploding any theories. . . . Shapely Dorothy Manis, modelling a bra and shorts outfit to very good advantage, I'd say. . . . Queen Anne stand-up collars and padded cuffs. . . . narrow velvet belts to accent solid and print dresses alike. . . . Suits featuring the peplum jacket, and slim skirts flared out at the bottom for wearability and style. . . . mandarin collars and pique trims. . . . Jimmy Hess, two year old cherub, yawning sleepily as nap-time caught up with him, being supported down the runway like a tired walkathon entry and leaving the show first, with no leading man. . . . Mary Beth Ganter, junior minx enjoying every minute of her "part" . . . Mr. Hagar arriving in time to see his wife Emily coming down the aisle to ward him, dressed in a SO attractive and romantic black sheer, with her lovely black hair held in place with daisies. Just ahead of her, his little daughter, looking for all the world like an animated buttercup. No wonder his heart was in his eyes.

ABRAHAM LINCOLN

By Lane Colvin
2nd Winner

Bob and Tom left the Boy Scout Camp in Kentucky to take a hike through the woods. Bob said, "Look, Tom, at the log cabin over there." They walked over and looked in. A voice seemed to say, "Come on in, boys, and sit down." Tom said, "This sure looks like the house where Abraham Lincoln was born."
"You are right, boys, I was born here on February, 1809. In front of this fireplace I studied each night. I did not have many books and no schools to go to. You boys should be thankful that you have schools and books and good teachers to help you."

"When I became twenty-one I started out in public life. I still had to do hard labor in order to earn a living. At twenty five I became a member of the Legislature of Illinois. In 1858 I debated with Douglas about slavery. I believed that all men were given certain rights—the equal rights to life, liberty, and the pursuit of happiness."
"Remember, boys, no matter how great you may become, never forget to be one of the plain people."

"Before you go boys, remember, firmness in the right as God gives 'With malice towards none, with us to see the right—let us strive to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle and for his widow and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."
"Guess we must have fallen asleep," said Tom, "we must be getting back to camp."

ABRAHAM LINCOLN

By Ronald Montelone
3rd Winner

As we think back to the great men of yesterday, we come across

Peninsula Little Theatre Presents "The Enchanted"

Major casting has been completed for the Peninsula Little Theatre's first spring production, "The Enchanted." Director Robert Brauns announced today.

Mary Aldridge has been cast in the leading feminine role as the imaginative Isabel, in French author Jean Giraudoux' comic fantasy. Pitted against Isabel in an effort to return her village school class to the more customary studies is the Inspector, played by Rockwell Stone.

Isabel, who startles the French villagers by falling in love with a ghost, is later wooed by the Supervisor, played by Rodger Shorter. The contest between the flesh-and-blood suitor and the ghost for Isabel's love provides the climax of the play.

Major Roles

Other major roles are being acted by Burrell Karmel as the Doctor, Harold Reynolds, the local Mayor, and Ellen Reynolds and Thelma Lawrence as Leonide and Armande, two village busybodies who find much food for gossip in Isabel. In addition, eight young girls are being cast in the roles of Isabel's students, according to Brauns.

"The Enchanted," which opened on Broadway last year with Lauean McGrath in the role of Isabel, is by the same author whose highly successful dramatic output has included "The Madwoman of Chailot" and "Amphytrion 38." Giraudoux' sly and poetic way with words makes him the French counterpart of the popular English playwright, Christopher Fry.

Peninsula Little Theatre, a branch of the San Mateo Junior College Adult Center, will present "The Enchanted" in the San Mateo Junior College Auditorium, 124 Baldwin Ave., San Mateo, for six performances: March 30, 31, April 6, 7, 13 and 14. Reservations may be obtained at the Peninsula Box Offices, San Mateo or Palo Alto; by writing P. O. Box 543, San Mateo, or by phoning Diamond 4-3788.

Tickets for opening night performance have been sold by UNESCO, it has been announced.

the greatest American ever known, Abraham Lincoln. Abe was born in a crude little farm house in Kentucky. Abe's parents, whose names were Tom and Nancy, were very poor. They were poor because Thomas Lincoln was lazy. In fact, Tom was so lazy that they didn't even have a door on the cabin.

When Abe was eight the family moved to Indiana where the Mother died of a fever. The father remarried. Abes stepmother was very kind to him.

When Abe was twenty-one he made several trips down the Mississippi River. There he saw how cruelly the slaves were treated. He decided that some day he would free them. He stood a candidate for Congress twice. The second time he retained his seat until 1849.

His only notable action in Congress was his introduction of an anti-slavery bill which failed.

In 1860 he was elected to become the sixteen President of the United States. While he was president he freed the slaves of slavery.

Five days after the surrender of Lee in the civil war, he was assassinated by an actor named John Wilkes Booth, in the Ford Theater. Remember, this is the "land of the free." Let's keep it that way. That's what Abe would want.

SOCIETY

Visiting Nurse Group Holds Meet

Election of officers for the coming year was the chief item of business on the agenda of the first annual meeting of the Visiting Nursing Association of San Mateo County, Inc., at a dinner held at the Villa Chartier last Thursday.

Re-elected were Mrs. George V. Kulchar, president, Dr. Logan Gray, vice-president, and Mr. L. H. Hansen, treasurer. The newly elected secretary is Mrs. E. L. Turkington of Atherton.

Mrs. Kulchar, in her presidential address to the nearly one hundred members of the Board of Trustees, county officials, members of the staff and friends of the association who attended, said in part:

"Although the Visiting Nursing Association is no longer receiving support from the two local chapters of the American Red Cross—although our request for inclusion in the 1951 goal of the San Mateo County Community Chest could not be met—although an independent drive for funds netted only about a third of the amount needed to carry a full program through 1951—in spite of all this, the association's board is dedicated to a continuation of this vital service in San Mateo County.

"We have had to curtail our program sharply," Mrs. Kulchar said, "but we want the residents of San Mateo County to know that the services of our staff of public health nurses continue to be available to people who are sick at home."

Runaway Car's Freedom Expensive To Owner

Another runaway car was a financial headache to its owner this week.

The driverless car, owned by Calvis J. Jones, 298 Willis street,

Son Joins Bernardini Family Last Tuesday

Mr. and Mrs. Albert Bernardini today can claim a son of their own.

He is Gary Joseph, born March 6 at St. Joseph's hospital. Gary came into the world weighing 8 pounds 9 ounces.

He joins a 5-year-old sister, Carol Ann.

The Bernardinis reside at rt. 1, box 136, Colma.

Charles Johnson Home On Leave From Navy

Home on an 8-day leave this week is Airman Apprentice Charles H. Johnson, son of Mr. and Mrs. Harry Johnson, 286 Los Banos.

Having joined the navy six months ago, this is the first leave for Charles. He expects to be sent overseas when he returns to San Diego and his aircraft carrier the "Bon Homme Richard."

What Folks Are Doing On Abbott Street

Things were quiet on Abbott street this week except for: Ray Urbanos, 166 Abbot, and family spent a week end at Long Barn tobogganing.

Owen Machelly, 173 Abbott, had week-end guests from Grass Valley. They were Mr. Machelly's father, mother and sister.

Joseph Doyle, 160 Abbott, and wife gave a wedding reception March 3 for Mrs. Doyle's sister, Evelyn Fisher, who married Ashley Sanders of San Francisco.

slipped its brakes and ran wild down Knowles avenue Thursday evening. Before it ended its brief bid for freedom, the vehicle had smashed a parking meter and come to rest against the side of another automobile at Knowles and Mission.
Today, Jones must pay for re-

Mrs. J. M. Mullen Chosen As New Crocker PTA Head

Mrs. J. M. Mullen today is the new president of Crocker PTA.

She and other officers were elected at the last regular meeting of the group March 13. Outgoing President Mrs. Carl Berg presided at the meet.

Other new officers include Mesdames A. Vranich, vice president; Miss Marjorie Tobias, honorary vice-president; A. Lauffenburger, recording secretary; Daniela, corresponding secretary; H. Holcomb, financial; A. D'Issep, auditor; Julia Jordan; historian; F. C. Witty, treasurer.

Mrs. Erwin Schmidt was in charge of the program which featured Mr. Moore, county safety director. After a talk on safety, Jim Snell Jr., school safety chairman, also spoke.

Bob Bridges read his prize winning Lincoln essay.

The meeting closed when Mrs. James Jordan and her group served refreshments.

No license is required to fish in Yellowstone National Park.

pairs on his car and the one registered to William Dillon, 123 Knowles avenue, as well as approximately \$50 for the parking meter damage.

Re-routing Long Distance circuits—one of the many interesting, vital jobs for women in the telephone business.

THE GIRLS BEHIND EACH TELEPHONE "HELLO"

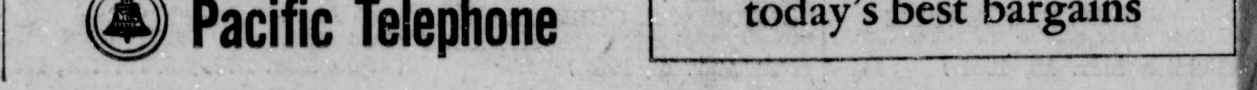

Theirs are important jobs—and they do them well

1. Here's one business where the spotlight's really on women. Because of the nature of telephone work, nearly two out of every three telephone people are women—a high percentage. And they must be capable, well-trained women to handle your calls efficiently and serve you well in our offices. We train them, at our expense of course. And they earn good money in this important work.

3. It would be hard to imagine work for women today more important than a job in our nation's telephone service. For now, more than ever, our country needs swift, reliable communications to help speed the job of defense. And it's reassuring to know that in these days of high prices on most everything, you still get a bargain when you buy telephone service. Here in the West, on the average, telephone rates are up less than half as much as the cost of living.

"Give To Help Your Red Cross Mobilize For Defense"

Price increases since 1940

FOOD UP 127%	COST OF LIVING UP 75%	AVERAGE TELEPHONE RATES UP ONLY 27%
--------------	-----------------------	-------------------------------------

Your telephone is one of today's best bargains

KATHLEEN NORRIS

Family Burden

"FROM THE TIME I was married 22 years ago," writes a Massachusetts woman, "I have had the care of one helpless member of the family after another. First it was my husband's dear old grandmother, who lived with us, and while she was bright and independent and we all loved her, she could not assume responsibility for anything.

"After some years of that, my own beloved father and mother moved in when they came back from long residence in the Orient, and after Dad suddenly died, Mother settled down here for the remaining years of her life. She was a semi-invalid, bright and amusing, and loved by my children, but a real care, as trays had to go up to her rooms on the third floor three times a day for eleven years.

"Mother's death left me really desolate, but her room was not long empty. My husband's fine mother died in California, and his father came to us. His father who is generosity itself, owns this comfortable old family home in which we have always lived and, of course, has every right here, as well as a claim on us, but I can assure you that my heart failed me when the business of consideration for one more old person had to take first place in our domestic plan. Now I not only have this good, patient, but almost helpless old man, but the charge of an adorable small niece who is recovering from a serious bout with polio.

Lifetime Devoted to Ill

"As a result," this semi-serious letter continues, "my entire married life has been geared to the care of persons not able to take care of themselves. And as we all know, almost every family has one of these persons. The homes that care for them charge as high as \$100 per week for very ordinary

"... a semi-invalid ..."

accommodation and are, at their cheapest, out of reach of the average family budget. So we have to fix trays and clear trays, make beds up fresh, give baths, and have on top endless sympathy and understanding.

"We are not rich," Harriet Gillespie's letter continues, "but we are comfortable beyond any reasonable complaint. I have had one good kitchen helper for more than 15 years, and also now have a practical nurse for my two invalids. "But what I'm writing you for is a protest against this intrusion into the family circle of these derelicts—beloved, perhaps, but still derelicts. Sam and I haven't had two years out of our 22 without one or the other of them. Our son and daughters have grown up in an atmosphere of 'run upstairs, dear, and see if—somebody is all right.' Surely there must be some more reasonable and economical way of solving this problem. Is it right, for these older or invalid persons simply to settle down on the more vigorous ones, and expect the sacrifices that are inevitable?"

All Families Face It

Harriet is quite within the truth when she says that almost every family, at one time or another, has had to face the tedious, endless care of an aged person, whose life, however active and honorable, has come down to feebleness and dependence and seeming uselessness. "Seeming uselessness," you note I say. For these burdens are anything but useless, really, and the fruit of their effect upon our homes is an invaluable one. No training could be of more use to growing boys and girls than this constant reminder of the sacred obligation that is upon us all, to make the last years of old persons dignified and comfortable, and to give them, if we possibly can, the sense of being loved.

This good healthy protest impresses me as coming from a generous, fine woman, who has shouldered the problem of these exacting guests with great spirit and capability. Note that it is a "dear old grandmother," a "beloved father and mother," and "a fine old father," to say nothing of the "adorable small niece."

No, Harriet Gillespie wrote in a burst of good-natured impatience. Perhaps she had just calculated exactly how many of her married years had been spent in nursing and guarding her old people. But in her heart she knows that it is good for a boy of 15 to have had years of carrying trays upstairs; good for young girls to pay daily visits to the sickroom, developing their young sympathy for the old and suffering.

Why not take this situation as normal?

Spring Fashions

Daly City Ladies See Latest Clothes At Event Sponsored By James Snell PTA

By DIANE DALY
(Exclusive To The Record)

One of the highlights of the year's activities was the Fashion Show and Silver tea which was given last Saturday by members of the James Snell PTA.

The Jefferson High Auditorium was literally filled with an attractive crowd of the fairer sex who came, for the most part, dressed in the prevailing modes, with an out-fitter here and there undeniably marked for Easter, 1951.

The setting for the Show was very beautifully done, with the curtain drawn almost closed, to accommodate a flower-covered arch in the center stage. All along the length of the stage, on either side, the footlights pointed up pots of blooming daffodils and greens. From the arch a series of ramps led down to the floor level, and this promenade was also banked with spring blossoms and daffodil.

Background music, proper lighting and use of color and imagination, put this show way out in front, not only because of the artistic method of presentation, but because of the subject matter.

The clothes selected for showing represented the fashions and fabrics worn to best advantage here in our coastal communities, where we have no seasons, really, and our weather changes all the time. Cover-up cottons and light wool ensembles predominated the showing. I would say, though some beautiful new fabrics were shown, and an appealing collection of children's and sub-teens high on the list.

Good Commentator

Mrs. L. E. Penington of San Jose, who was introduced by President Mrs. William Falconer, proved to be a very good commentator, since her knowledge of true style and not just fashion gave her opportunity to present the frocks from the stand-point of individuality. The most unusual features of the show, were the models... local girls and juveniles from Broadmoor, mostly, who, under the tutelage of Linda Pancost, former professional model, executed the promenade with all the confidence and finesse of experienced models.

Emerging through the arch to begin the show were the tinnest of juvenile models—two year old Jimmy Hess and 2-year-old Sandy Hager, dressed in brother and sister outfits of blue and white broadcloth, with novelty trim. (Kiddieville) captivating everyone, even the photographer.

Home Cottons

The first category was home and vacation cottons, including a number in red and white pique collar that was very attractive. Bernadette Dorn wore a pastel gingham plaid in Easter Egg colors, pale yellow and lavender, from Leslies. It featured the very popular mandarin collar, which made it dressy as well as practical. A striking denim outfit in faded blue, with pedal pushers, striped red and white tee shirt, and a three-quarter length straightline jacket, was irresistible topped by a matching denim yachting cap. Louise Ladd, who wore this ensemble from Alex D. May, escorted little Susie Hess, also in denim play clothes, and Kenny Stettler who was adorable in a Tom O'Shanter suit of towel-ling—(Kiddieville).

Dorothy Manis wore a covert cotton, designed for Lord & Taylor of New York. The dress featured a short e-ton jacket, four pocket detail, with turn back cuffs... flare skirt with boned waist band... inexpensive and extremely practical for your vacation wardrobe. This was from Leslies.

Sub-Teens

Sub-teens Joyce Averill and Jane Nibbloe modeled outfits from Casey's (West Portal) Joyce wearing a permanent finish pale green organdy for dress-up wear, while Jan's outfit was a navy skirt with red and white sweater set, which looked the last word in smartness. A completely washable pure silk organza print, was introduced by Dorothy Balandier. Another new material was featured in the casual wear by Bernadette Dorn, which is called advisedly, cotton satin—and is a high gloss cotton with satin, which should prove very versatile indeed.

Andre's Frocks

Andre Frocks featured by Cover Girl on Ocean Ave., included an ecru lace afternoon dress, with a taffeta lining sewn in... A sunset pink shantung, with bat-wing sleeves, which was teamed with a luscious cream-colored, lined duster.

Probably the most provocative of Andre's fashions, was a sophisticated little number worn by Ma-

tion Spry, made of brown and beige light-weight wool, and piped around pocket collar and cuffs with brown velvet, and inset at the low neck line was a white pique dickey (City of Paris).

Noteworthy was the collection of exquisite wool suits from Alex de May in Lakeside. Babbette Schnell looked wonderful in a lovely yellow skirt topped with a lady's Pendleton jacket, plaid of course, in tones of yellow, sulphur greens and blues while Joyce Davis presented a truly beautiful picture in an aqua skirt, with a white flannel tailored jacket, and complemented with brown and white spectator pumps. Louise Ladd also featured a white flannel jacket worn in doublet effect, with a brown knife-pleated skirt. The jacket was sleeveless, and worn over a long sleeved honey brown cashmere.

Jr. Miss

For the junior miss, Page Chiappella was outstanding in a Trudy suit, with a concertina pleated skirt, made with an elasticized waist band for proper fit. She wore a checked all wool coat, lined and trimmed to match the skirt, with a felt hat pique trimmed. Mary Beth Ganter, accompanying Page, looked good enough to eat in a yellow heather toned coat, with a slight pyramid influence, and worn belted or not, with a straw sailor of the same hue perched on her red curls. These girls also modeled Trudy originals in organdy and dotted swiss and iridescent chambray. (Casey's West Portal).

Two beautiful and deceptive maternity styles were shown from Leslie's (Broadmoor). Linda Pancost modeled the first, a two piece butcher boy combination in that new shade of lilac, so pretty with crisp white pique collar and cuffs and with a straight line skirt. Doris Pardini wore the other in aqua chambray, so beautifully styled and with such nice detail, it belied its very modest price tag.

After Five

The "after five" dresses shown caused a real reaction among the spectators and for good reason. Sharon Brandt almost drifted down the runway attired in an utterly lovely diaphanous black frock, fashioned from rayon and nylon marquisette. It had a fitted bodice with a full gathered skirt, ballerina length and the long sleeves graduated into a slight flaring effect at the bodice. Added to this was the mere touch of white, in a daisy studded collar and pockets to complete this feminine fancy.

In the same material, Emily Hager's frock was also done in sheer black, and the full skirt was inset with an edging to make it stand out. Although a "cover up" neck, the attached taffeta slip was the strapless type, giving the right touch of restraint to the bare neck and shoulder line. Emily's lovely black hair was worn up and she wore daisies in her hair. Her little daughter, who accompanied her, was sweetly dressed in a typical Easter dress of soft yellow taffeta with blue detail and fine lace contrast which featured a hoop skirt. A blue organdy bonnet completed the outfit. Several types of Strook coats were shown with the Miss California label. Models were all made up by Jean Maguire, expert cosmetologist of Merle Norman Studio in Lakeside, and complimentary samples of their superlative cosmetics given each guest. Flacons of perfume were also given by Broadmoor Pharmacy, introducing Prince Matchabelli's new scent—Crown Jewel.

Coffee & Tea

Following the show tea and coffee was poured at four beautifully appointed tables. Each table was centered with arrangements of lilac and daffodil, flanked by candleabra holding yellow tapers. Complete silver service of outstanding beauty was at its best displayed on snowy linen, and in company with the vast buffet of petit-fours, miniature cream puffs and trifles. Pouring were Mrs. John Denis Jr., Mrs. P. Noll, Mrs. E. Golliday, Mrs. Anne Eason, Mrs. J. Hopper and Mrs. Rev. Glaspe.

Label Counts

It can be truly said that this entire project revealed the co-operation and know-how of a great many persons active in the James Snell PTA for it was a well organized and altogether delightful show. It also brought home the fact that well made, cleverly styled and inexpensive clothes can be bought right in our own neighborhoods for every age and figure. In buying clothes, as in other things, the label plus the integrity of the store, is a prime consideration. This is another triumph for suburban living, where the teachers and

Gen. Pershing PTA Discusses Cancer

The P. T. A. program of Tuesday, March 6, at the General Pershing school, was of great interest to women and mothers. A film, "Recognizing Cancer In Its Earliest Stages," was shown. This was loaned by the American Cancer Society from their San Mateo office.

Miss June Gross, school nurse discussed communicable diseases. Charts were passed out to the audience. These showed an average of how long after contacts one could expect to come down with the disease; also, which were excluded from school attendance.

Questions were invited from the mothers.

Delegates to the 17th District CCPT Convention of March 29 will be Mesdames Edward Nienstiel, Arthur White, James Jordan and President A. W. Lauffenburger.

Two record players were presented to the school. Proceeds from the salvage drive made their purchase possible.

The book, "Story Times Tales," was given to Mrs. Dora Barker's class for winning the salvage drive prize.

Mrs. Draeger, third grade teacher, won the attendance prize for the most mothers present at the meeting. Why not attend these meetings and help your child's classroom win the prize?

Mrs. George Freeland submitted the nominating report. It was voted on by voice.

Officers for 1951-52 were elected as follows: honorary vice-president, Miss Winifred McGrath; vice president, Mrs. H. S. Holcomb; recording secretary, Mrs. H. H. Smith; corresponding secretary, Mrs. Clarence Sciaroni; treasurer, Mrs. Howard Dersham; financial secretary, Mrs. Edward Nienstiel; auditor, Mrs. George Freeland; parliamentary, Mrs. A. W. Lauffenburger.

The executive board will fill the office of president and historian at the next meeting, Monday, March 26, 9:15 a. m. at the General Pershing school.

Installation plans will be made at that time. All board members are urged to attend this meeting.

Installation will be held in the school, April 3rd, 7:30 p. m. Refreshments will be served.

OLPH Mothers' Club Plans Spring Fete

"April in Paris—Chestnuts in bloom"—the lyrics of a popular song have inspired the theme of the Spring Luncheon which will be given by the Mothers' Club of Our Lady of Perpetual Help School on April 28, 1951.

At 1:00 o'clock sharp on that particular Saturday afternoon, a delicious luncheon will be served the many guests of the Mothers' Club—a luncheon featuring French cuisine, served by waitresses in colorful French costumes. Decorations, etc., will carry out the theme, followed by an entertainment featuring the dances, songs and stories of France. The guests will then be shown a motion picture of France presented by the T. W. A. Airlines.

Initial plans for this affair were discussed at the regular monthly meeting of the Mothers' Club which took place March 9. Mrs. Mary Calegari, president of the Mothers' Club is the general chairwoman, assisted by Mrs. Valetta Ennis. Additional details regarding reservations will be announced later.

The Nominating Committee was elected and consists of the following members: Mrs. Mary Mennicucci, Mrs. Theresa Sullivan, Mrs. Isabella Liberti, Mrs. Janet Fellman.

Mrs. Josephine Lamendola was appointed chairman of the April Afternoon whist, assisted by mothers of the Fourth Grade pupils. The business meeting was followed by a social under the direction of Mrs. Valetta Tnnis and Mrs. Susan Schroeder assisted by mothers of the Kindergarten pupils.

Coastside Boys Defeat Cleaners

Although Ed Bottier of the Coastside Boys allowed 10 hits, his team was still able to score a 4 to 2 win over Daly City's Ralph Cleaners last Sunday.

On the other hand Ralph's pitcher, Freeman, allowed but four hits, all of which the lads from the coast were able to score on.

Demattei and Appleton were the heavy hitters for the Cleaners, but not quite heavy enough.

This Sunday Ralph's will play their second pre-season game when they meet Eureka Valley at the Portola field at noon.

Parents merge their interests for a better, more graceful way of life... for their children and themselves.

Mrs. Alred Goerko, instructor of the First Air class at San Mateo Firehouse is teaching resuscitation to three of her students. Florence Fecko is the victim, Hilda Linz is the operator and Pat Buchart is watching. First aid instruction is one of the services offered by San Mateo County Chapter, American Red Cross in the program "Mobilize for Defense."

Austrian Visitors To Folk Dance

Dances, songs, Schuhplattlers, Laendlers, yodels—all with the real touch from the Alps and other parts of Austria, presented by a group of students and teachers from the universities of Austria will be featured at the March 17 folk dance party hosted by the Millbrae Highlanders.

The party will begin at 8 p.m. at the Taylor Boulevard school in Millbrae.

During the evening's festivities the popular San Francisco Folk Arts group directed by Grace Perryman will present an Irish dance. Randy Randolph, one of the outstanding square callers, will be on hand to entertain with several of his unique calls.

All folk dancers and spectators are invited to enjoy this very special evening. There are seats in the balcony of the school for the non-dancers to view these special exhibitions and the regular dancing.

San Bernardino County produces 75 per cent of the summer grapefruit grown in California.

Confirmation Service Slated

Palm Sunday will be observed next Sunday, March 18, with two services at Bethel Lutheran Church, Alemany Boulevard and Huron Avenue at Ottawa Avenue.

The time for the hours of Divine Worship has been set for 8:00 a.m. and 10:45 a.m.

The sacred Rite of Confirmation will be observed in the second service. The following members of the Confirmation Class will be received into the Lutheran Church: Carol Anger, Betty Drollinger, Eleanor Schorn, Barbara Wandel, and Kenneth McDonald. The pastor of the church, the Rev. Herbert P. Schroeder, will conduct the service. The subject of the sermon will be: "What It Means To Be A Christian."

The members of the Confirmation Class will partake of the Sacrament of Holy Communion together with the congregation, at the divine worship on the evening of Holy Thursday.

The Junior and Senior choirs under the direction of Mrs. Louis Petersen, will render special music at the services.

DEAR PARENTS

By Jane Keith

"It is not necessary to teach your child to read before he enters school."

This is the one italicized sentence in a leaflet prepared by the New York City Board of Education and handed to parents as they register their youngsters in the first grade!

A New York Times Magazine reporter sought the reaction of a mother to this advice. "Of course I'm not teaching William to read," said the mother. "That's what he's going to school for. He can't wait to get started."

"Is he ready to read?" the writer asked.

"Ready? Why sure," said the mother, "he's six."

Kindergarten and first grade teachers have been talking about "reading readiness" for twenty years or more. The words are still Greek to a majority of parents with candidates for the first year of school... and the second, third and fourth years, too, from what I hear from certain very irate mothers.

What is this "reading readiness" anyway? From my own experience it means just what it says—a readiness on the child's part to learn how to read. It does not mean a parent's readiness for the child to do so!

My own daughter was fully nine years old before either of us demonstrated anything more than complete frustration in the matter of her reading ability. Every morning and afternoon we studied, struggled and fought the battle of "This is a dog. See the dog. The dog is white. The dog belongs to Mary." Frankly, I lost the battle every time!

Why Struggle? I went to school. Since I knew Barbara was not a moron—the school must be wrong. Not only the school, but the teachers and their methods! Why should I have to struggle over my child's reading

every day? Why wasn't she being taught properly in school? All of this baloney about "reading readiness" added up in my mind to a smooth excuse for inefficiency!

"How is Barbara doing in her reading?" I asked the teacher. "I feel she isn't learning her reading the way she should. What must I do to help?"

"Not a thing," said she. "Barbara is doing just fine. She is a little slow to learn something new, but once she grasps a fact she retains it."

That was the end of our interview! I hadn't blown my top. I felt I had been put off and I was mad as a hornet. I might still be mad if I hadn't talked the matter over with my pediatrician.

He listened to my tale of woe with grave attention and reminded me of a conversation we had held in his office when Barbara was fifteen months old.

No Hope

"Dr. Sinclair," I had said, "this child will NEVER learn to stop wetting her pants, I just know it! I've been sitting her on a pot since she was four months old and the only time she hits it is by accident. What can I do? Why she's fifteen months old!"

"Mrs. Keith," he replied, "When your child is ready to stop wetting her pants she will do it by herself. Just relax and remember you never saw anyone twenty years old wetting theirs—there is still hope for your daughter!"

My girl is now almost eleven. She studies at school or alone, at home. She is an omnivorous reader of library books and gets A's in school reading. Somewhere along the line she has had good training in both reading and spelling. She knows, feels and thinks about what she reads. Modern Method, may I apologize. Teacher, may I take it all back?

LOW OIL CONSUMPTION

Among other things that are too good to be true is the fact that the engine never seems to consume any oil, points out the National Automobile Club. If the level in the crankcase seems to remain constant after hundreds of miles of driving, it is the motorist's cue to grow suspicious that gasoline, or water caused by condensation, is responsible for keeping the supply up. Either of these fluids seeping into the crankcase will make oil consumption seem abnormally low. Both are a hint of defective piston rings.

DON'T OVERLOOK FRONT WHEELS

One of the places the car owner usually forgets to inspect for possible need for lubrication is the front wheel bearing, according to the National Automobile Club. It is true that when well packed this point rarely needs further attention for a considerable period, but this very fact causes many motorists to overlook it entirely for months longer than is good for its efficient operation.

Ancient fossil remains are found in the clays of extinct Lone Sea in Amador County.

Meet Your City Officials.

Dan Andersen -- From Opera Singing To Managing A City, In Four Jumps

Around radio station KMO in Tacoma, Washington, about 1933 everyone was certain that Dan Andersen (it is "sen" not "son") was carving out a career for himself either on the light opera stage or in radio.

Andersen, himself, was pretty certain that when he reached 36, his present age, he would be pulling down a pay check as a song bird. But as the best laid plans of young men often fall through for lack of a "buck," so with Andersen, who is now in a less romantic, although possibly more essential job as Daly City's administrative officer. Although he is just getting the feel of the chair behind the desk which carries that impressive title, Andersen made his mark in Daly City long before he was sworn into his present position March 1.

Well Known

As manager of the Daly City Theatre, the medium built, nattily dressed gentleman came to be known to every man woman and child in the city who had ever thrilled to the romance and blood and thunder of the movie stars. And when he wasn't booking pictures or worrying about how much it was going to cost to scrape the gum off the theatre seats, or trying to get a new "face" for the building, Andersen was active in civic affairs. Last year he headed the Community Chest drive and was responsible for no small part in the May Day festivities.

Far Cry

To the layman this may be a far cry from the work of a city administrator; and yet the jobs are similar. A theatre manager must worry about public relations as much, if not more than the head of civic affairs; a manager must see that by the end of the year the theatre is out in the black as much as an administrator must worry that he doesn't spend the city into the red; a manager has to hire and fire, make judgments as to what will please, and a hundred other small and large actions similar to those made every day by the director of a city.

Big Advantage

However, there is one advantage to being a city administrator as compared to running a theatre. "Now once in a while I can get home at night to meet my kids," Andersen fondly noted today. "When I was running the theatre my three children often wondered if they had a father or a mysterious figure that popped into the house just long enough to pay the bills."

The three Andersen children are Dan Jr., 11; Richard, 9; and Sharon, 5. "I'm not sure how you pronounce Sharon with two 'r's," Andersen said. The two boys are now attending the Garden Village School, and their papa is certain neither of them wish to manage a theatre, or run a city. Once more, they don't wish to be opera singers.

Music Interest

Returning to those early days in Tacoma, Andersen isn't quite sure how he got interested in music. He was playing the piano when he was 8-years-old, and for seven years took lessons, so that by the time he was in high school he had made a name for himself as quite a pianist. And on the side he learned how to play the organ well enough to hold several recitals at the Scottish Rite Cathedral in Tacoma.

"I haven't played the piano in 10 years. Don't think I could now," Andersen declared.

When he wasn't ticking the keys, Andersen was taking voice

lessons. In his junior year at high school he sang the lead in the "Desert Song," and repeated his stellar performance a year later in "Naughty Marietta."

Radio Calls

It was about this time he became interested in radio work, taking a job as a part time announcer at the Tacoma radio station. He held the job, off and on, through three years of music courses at the College of Puget Sound. Not only did he sing, but he managed several radio shows and was master of ceremonies on a regular program.

After three years of college he quit. "I had a two year scholarship, and when they wouldn't give it to me for my final year I could see no use in continuing," Andersen explained.

Out of school, the would-be "Sinatra" had several engagements with a local dance band. "But it was a lot of grief, and little dough," he said. "Consequently, in 1933 I took on a job with my father as a salesman in his machine and parts shop."

Usher's Job

But while he was singing and working for his father, Andersen also managed to find time to usher and write advertisements for a local theatre. The pay was 25 cents an hour, but the experience was worth a lot more.

"I soon found that I enjoyed working for the theatre much more than for my father," Andersen declared.

In 1936 a friend came north from San Francisco and persuaded Andersen to take a trip to California. The trip ended in a job, and in 1936 he was hired at \$17 a week, seven days a week from 9:30 a.m. to 1:30 a.m. the next day, as assistant manager for the Irving Theatre.

That was the beginning of a career with the Golden State Theatres that took him to South San Francisco, San Bruno and back to San Francisco as manager of the Amazon Theatre in 1941. From the Amazon he went to the Strand, and from the Strand to sea.

Out To Sea

Came 1944 he enlisted in the maritime service as an engineer. A few months later he was aboard an ammunition ship headed for the invasion of New Guinea. After that initial landing, the ship nosed its way to the invasion of the Philippines at Leyte.

Although in several battles, Andersen's ship was never hit. There was a close one near the Philippines when a 500 pound bomb exploded a few feet from the ship. Fortunately, a few hours before, the ammunition had been discharged. Andersen has a suspicion that if the ship had been full, his maritime career would have come to an explosive conclusion.

On To Daly City

About 1½ years after he had put to sea, Andersen returned to San Francisco, and the hospital... down with stomach trouble. By the time he was discharged the war was over, and he was back to his job as theatre manager.

In 1948 he came to the Daly City Theatre, and shortly thereafter moved from San Francisco to his present Broadmoor home, 1728 Louvain Drive.

Good Memory

Asked when he was married, Andersen replied with the speed and certainty that endears any wife to her hubby, "September 5, 1939. I'll never forget that date." The present Mrs. Andersen was Juanita Courtney of San Francisco. She met her husband while picking up

a girl friend who was ushering in one of Andersen's theatres. Outside of that, she has had no connection with theatre work.

When it comes to free time, ("what's that," asks Andersen), the new city administrative officer spends most of it with his family. Due to the tiring task of managing a theatre he says he never has had time to develop a hobby.

Question

And how does he like his new job?

"Fine, in fact, it's the most interesting work I have ever had. I'm sure I can do a job which will be satisfactory to the citizens of Daly City."

In closing the interview Andersen said he hopes everyone who has a problem concerning city affairs will not hesitate to call, and talk it over. "I'm hired by the people to serve them. I want to be sure I'm doing a job which will satisfy my 15,000 employers."

Broadmoor Girl Scouts Observe Founders' Day

by Marian E. Griffiths

At the Colma Community Center last Friday evening Mrs. R. E. Damon, neighborhood chairman, welcomed the mothers, fathers and friends of the Girl Scouts in the Broadmoor-Colma area to join with their leaders in honoring Juliette Lowe who established the Girl Scouts of America in 1912.

The four Brownie and four intermediate troops were introduced. A color guard presented the flags and the guests joined the Scouts in the Pledge of Allegiance. The Brownies then sang their "Smile Song" and were joined by all the Scouts in singing "White Coral Bells."

Miss Judy Brandt of Intermediate Troop No. 17 told how Juliette Lowe founded the scouting movement for girls in this country on the principles of helpfulness to others. This annual event was for the purpose of perpetuating the friendship fund which she established for the purpose of aiding troops throughout the world and supporting international scouting projects.

Brownie Troop No. 23 then passed jars for contributions to the fund.

Brownie Troop No. 13 presented an extension puppet show consisting of dialogue and songs they developed to accompany the actions of eleven puppets they made at a recent project.

Intermediate Troop No. 17 then sang "Down In The Valley."

The Blackbird, Space, and Sunshine patrols of Intermediate Troop No. 19 presented two skits, "Rumpelstiltskin," and "Star Money," and a group of songs, all of which they had dramatized themselves as recent projects in troop dramatics.

Everyone there enjoyed a movie showing the personal and social advantages to be gained from belonging to the Girl Scouts.

Refreshments were served while the guests had further opportunity to inspect the arts and crafts exhibit prepared as projects by all the troops.

School Board Examines Salaries

Teachers' salaries, the budget and the coming election were briefly covered at a special meeting of the Jefferson Elementary School board last Thursday evening.

The discussion on proposed wage increases for teachers was held up until after April 5 when the board will have had an opportunity to study the budget for the coming year.

April 12 was set for the date when the board would meet with the Teachers' Association to discuss possible salary increases.

The only other business of the board was to pass a resolution adopting a budget transfer, and approving the election officials for the May 18 election.

Post Lenten Food Sale Scheduled

With plans already under way for another food sale scheduled for Friday, March 30, from 10 a.m. to 4 p.m., in the Spruce Reitz Store, the ladies will be glad to meet their many friends.

Why not plan a picnic, now that warm days are in the offing, and pick up a delicious home baked cake or salad from the ladies?

Chairman in charge will be Mrs. Lorene Gardner, and her committee. Funds will be used toward sending delegates to the convention in June.

VILLAGE NOTES

BROADMOOR, GARDEN VILLAGE, COLMA

by Mrs. Mark Swoverland
Plaza 5-4158

Hi, there, everyone has been so lazy, just lying around in the sun that not much has been doing this week.

FOOTHILL

Mrs. Andrew Pansini has returned home from the French hospital where she underwent treatment.

Bill Guyman celebrated his birthday Monday, March 5, with a television party at the home of Trev and Ruth Jones. Friends and neighbors celebrating with them were Walt and Darlene Brand, Vic and Mabs Buz, Bob and Helen Easterbrook, Frank and Fran Deth Lefsen and Maureen Guyman.

Walt and Darlene Brand spent the past weekend in Southern California and Mexico. Yes, I did say weekend.

NIMITZ DRIVE

Mr. and Mrs. Lamont Thompson are the proud parents of a new baby girl, Judy Anne, born last Thursday at the Children's Hospital. More details later.

THORNHILL

Mrs. Jean Deitericksen and Mrs. Shirley Conner gave a baby shower for Mrs. Janice Putnam last week. Guests were Mrs. Ann Boyd, Mrs. Marge Nurse, Mrs. Madeline Rolter, Mrs. Barbara Lambson, Mrs. Mary Williams, Mrs. Betty Cooper, Mrs. Harriet Ellis, Mrs. Marge Mortimore, Mrs. Jean Rutherford, Ann McCarthy, Signe Hazel, Signe Sjoen, Ruth Norman and Mrs. Putnam's mother-in-law, Mrs. Ernest Putnam of Orville.

Lucky girl Mrs. Janice Putnam was given another surprise baby shower a few days later. Drop-in to see her were Elsie Lassius, Lucille Chalker, Luwana Smith, Adeline Sheals, Jill Hebbon, Dorothy Cooper, Georgia Sheals and Goldie Schrock.

MIDWAY

Mrs. Alice Travinsky just returned home from St. Joseph's hospital where she underwent treatment.

Hear tell quite a few children are being presented for baptism at churches in this area on Palm Sunday and Easter.

Don't forget the American Legion Dance March 31. Part of the proceeds go to Scout Troop No. 84. So long for now.

Members of the Woodrow Wilson PTA held their regular meeting on March 13 at 2 p.m. in the kindergarten room of the school.

The nominating committee, comprised of the mesdames Ausano, Wakehouse, Sharpe, Berardy and Atteberry submitted to members their choice of officers for the coming year. By unanimous vote the following officers were elected to serve for a term of one year:

Mrs. Carothers, president; Mrs. Moreman, vice president; Mrs. Wm. Bradshaw, recording secretary; Mrs. Brunette, treasurer; Miss Elizabeth Kennedy, financial secretary; Mrs. Lehman, auditor; Mrs. Unger, historian and Mrs. Lois Adami, parliamentarian.

Mrs. Hilda Heagney, president of the Daly City-Colma Girl Scout Council addressed members briefly, informing them of the real need for more leaders in scouting. She advised that spring training courses for prospective leaders will soon begin.

First Graders Entertain

Miss Mae Varni presented her first grade pupils who performed a Swedish and a Spanish folk dance. Once again, the sewing committee, under the chairmanship of Mrs. Ralph Wakehouse, turned out very fine costumes which greatly added to the excellent dancing of the pupils.

A colloquy, entitled "Exploring the Motives of Men" was presented at the Burlingame high school on March 1, under the auspices of the 17th district PTA. Representatives to this affair were as follows:

Mr. and Mrs. Joseph Ausano, Mr. and Mrs. Henry Adami, Mr. and Mrs. James Snell, Miss Bessie Sharpe, Mrs. Ethel B. Hahn and Mr. and Mrs. John Sorensen.

The next regular meeting of Woodrow Wilson PTA members will be held on April 17th at 7:30 p.m.

The women of the Moose, San Francisco Chapter No. 739, had a Committee Chairmen's meeting on March 14 at the home of Argus May Potter, child care chairman, Gladys Stevens, hostess.

Major business discussed for the evening was the Rummage Sale to be held March 15, 16 and 17. The rummage sale which will be held at 1257 Webster Street, is for the Child Welfare Work by the Chapter. Pearl Smith, way and means chairman, is in charge.

VFW Auxiliary Nominates Officers

Nomination of officers and initiation of three new members was the principal business before the regular meeting of the VFW Auxiliary No. 9921 Tuesday evening, March 13.

The officers are to be elected at the next meeting of the organization, March 27.

The three new members include Mesdames: Ruth Cousins, Mila Kelley and Viola Fontes.

A "Stanley Party" was slated for March 22 at the home of Mrs. Stela Magoon, 519 87th Street. The public is invited to attend the party which will get underway at 8 p.m.

Meanwhile, five members of the Auxiliary attended the District meeting in Palo Alto March 7. They were Mesdames: Mary Reed, Gladys Holt, Stela Magoon, Anita Woods and Hazel Eagleton.

Truck And Couch Keep Boys Jumping

A two ton truck and a chesterfield had Daly City firemen hoping for a few minutes Tuesday afternoon and evening.

At 3:50 a. m. a call came from Mission and Market that a truck belonging to the Standard Hog Co. of San Francisco was on fire.

By the time the blaze busters arrived the flames, which broke out in the ignition system, were well out of hand. Before the blaze was brought under control the truck was virtually destroyed.

Three hours later Mrs. Clark at 24 Knowles reported smoke coming from the apartment below. Police entered the apartment through the back door and discovered smoke pouring from a couch. After they had carried the chesterfield out into the alley, police rounded up the apartment tenant, Matt Wilson who was but a few doors away operating a business. There was no indication of how the blaze started.

OLPH Celebrates Holy Week Service

Holy Week services to be celebrated at Our Lady of Perpetual Help Church next week will include:

Holy Thursday: Mass and procession at 8 a. m.; Holy Hour at 8 p. m.

Good Friday: Mass of the pre-sanctified at noon; sermons to be given by The Rev. Charles Ferrell, member of the faculty of Serra High School from noon to 3 p.m.; Stations and veneration of the Cross at 8 p. m.

Holy Saturday: Blessing of baptismal font and paschal candle at 7:30 a. m.; Mass at 8:30 a. m.; Confessions 3 p. m. to 5:30 p. m. and 7:30 p. m. to 9 p. m.

Easter Sunday: Mass at 6:30; 7:15; 8, 9, 10:30 a. m. and 12:15 p. m. There also will be an 8 and a 9 o'clock Mass in the school hall. High Mass will be held at 10:30 a. m.

Eagles To Honor Grand President

William B. Hornblower, San Francisco, Grand Worthy President of the Fraternal Order of Eagles, will be honored by members of Colma-Vista Grande Aerie Fraternal Order of Eagles at 8:15 p. m., Thursday, March 23 in the Aerie home at 3342 San Jose avenue.

Hornblower is very active in the war preparedness measures taken by the Eagles and in the field of youth guidance, child health and aid for the handicapped.

Hornblower, a former member of the California legislature, is an attorney. He has been prominent in Eagle councils, having served as Grand Worthy Vice President, as President of the California State Aerie, and as head of the Eagles National Old Age and Social Security Commission.

8 The Record, Daly City, Calif.
Thursday, March 15, 1951

Mrs. J. C. Wiesner To Head Colma PTA

The Colma PTA held its annual election of officers at the March 6 meeting.

The following officers were elected: Mrs. John C. Wiesner, president; Mrs. Eldo Lanza, first vice-president.

Elected Recording Secretary was Mrs. Geo. Bertucci; Corresponding Secretary, Mrs. Alan F. Mori, Treasurer, Mrs. Wm. Chessman; Auditor, Mrs. Stella Jensen; Historian, Miss Hester Blaylock; Parliamentarian, Mrs. J. D. Hopper.

Our parent education chairman, Miss Marie Traynor, had a picture, "A Preface To A Life," to show the group. It was very informative; The By-Laws were amended and voted on the amendments. They were honored by having two Marines from the Korean war front. One the nephew of Mr. and Mrs. J. D. Hopper, president. Mrs. Jack Clayton gave the report on the health workshop.

Sewing and Sunshine meeting March 13 at 1:30 p.m. at the home of Mrs. Gertrude Stanghellini, 58 Vale street, Plaza 5-3817. Call if you plan to attend.

Did you know that we have made the honor roll in the California Teacher Magazine?

Our Poster Window has three prizes and one honorable mention. First prize, Gloria DeMatti; second prize, Carol Ann Bocci, third prize, Nancy Fricker; honorable mention, J. Wilson.

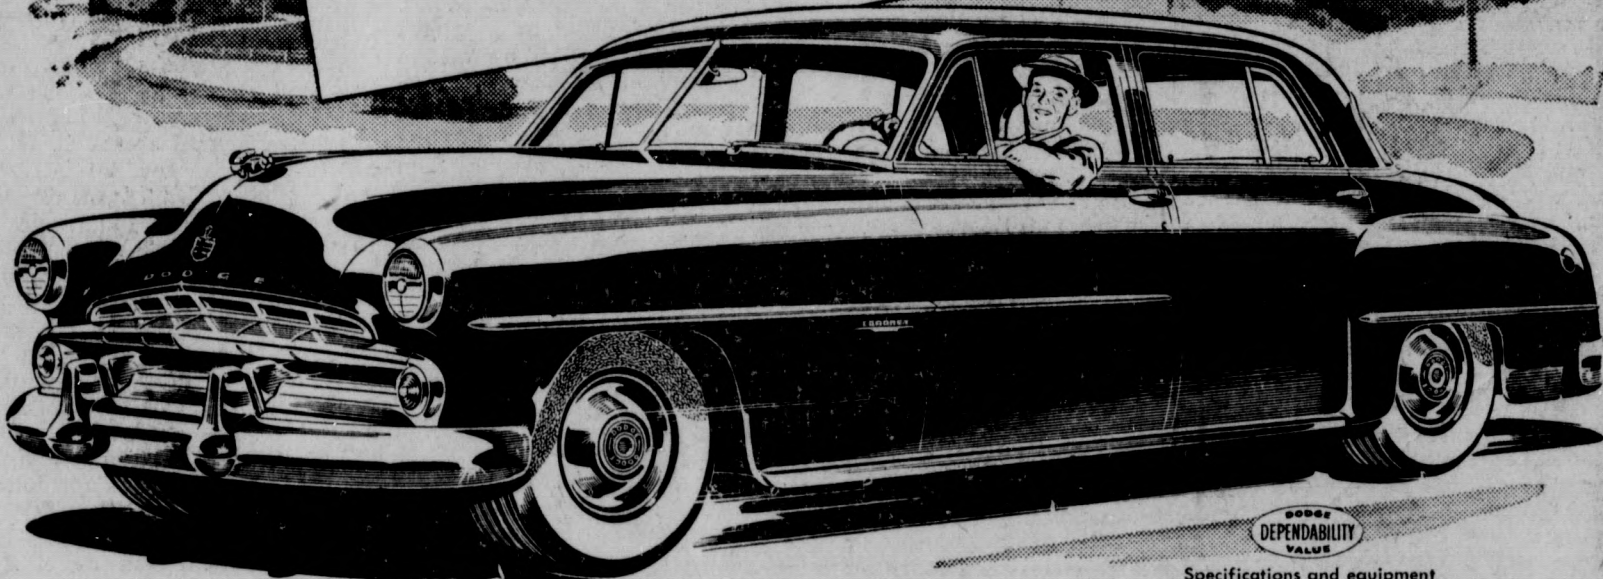

Happy St. Patrick's Day!

100,000 MILES FROM NOW

you'll still say

"Can't beat Dodge for dependability!"

NEW engineering advancements make traditional Dodge dependability GREATER VALUE THAN EVER

THE DODGE reputation for dependability and long car life is a matter of record... a record of 37 years... a record no other car can match.

And with the many new advancements engineered into the great '51 Dodge, this famous dependability makes Dodge an even bigger value, an even bigger dollar buy.

For example, new Oriflow Shock Absorbers smooth out the bumpiest roads to give you a level, more comfortable ride... smother the jolts... reduce wear on vital chassis parts.

Cushions moving parts. Dodge Gyro-Matic, lowest priced automatic transmission, along with Fluid Drive

makes handling easier and smoother for you. But equally important, Dodge Fluid Drive cushions the power thrusts from engine to rear wheels. Starts and stops are soft and smooth. Your car and your tires last longer.

Yes, everything about this great new Dodge—the way it looks, rides and handles—tells you that here's a car built to deliver years and miles of dependable, low-cost service.

5 minutes tells why. Give us just five minutes. Let us show you how you could pay up to \$1,000 more and still not get all the extra room, handling ease and rugged dependability of this great new 1951 Dodge.

NEW ORIFLOW SHOCK ABSORBERS! With twice the shock absorbing capacity, you actually "float" over roads so bad they stop other cars. No bounce, pitch or side-sway—wheels stay on the ground for a smoother, safer ride.

1951 Dependable

DODGE

Just a few dollars more than the lowest-priced cars!

"Non-Pinch" Seats Now In SF Cable Cars

A completely rebuilt cable car—new from its 70-year old chassis to roof but with the same old bell—went into service on the Powell Street line this week. It is the new "Old No. 501."

The car, rebuilt by Municipal Railway employees at a cost of \$5000 will be in regular service and as rapidly as money becomes available more of the old cable cars will be spruced up.

Serra Offers Kids Easter Show

A special Easter vacation matinee will be given at the Serra Theatre, 2710 Junipero Serra Boulevard, Thursday March 22, it was announced today.

The show will be held at 11 a.m. so as not to interfere with the special Easter egg hunt to be held by the City at 2:30 a.m.

Children will be given an opportunity to see two movies, especially well chosen for the Easter season . . . "Bambi," and selected cartoons and shorts.

There are 47 famous mineral hot springs at Hot Springs, Arkansas.

Easter Seal Drive Needs More Support

The lagging Easter seal drive now in progress throughout the county needs the support of every citizen interested in the welfare of local children stricken with a crippling disease.

According to M. B. O'Connor, long-time labor leader in the county and business representative of the Hod Carriers Local 97, the funds received so far as a result of the 53,000 sheets of Easter seals mailed out to county residents, is only a "drop in the bucket" toward the \$45,000 1951-52 goal needed to carry on the work of the Crippled Children's Society.

SUDDEN STOPPERS

Watch out for sudden stoppers when driving in heavy traffic, warns the California State Automobile Association. A good driver watches as many cars in front of him as he can see.

Bertucci Seeks Commission Job

Botchie Bertucci of Colma this week announced he will be a candidate for the position of Fire Commissioner with the Colma Fire Department.

He will oppose George Alexander in the April 2 election, at the Colma fire station, Rainier Street. A resident of Colma all his life, Bertucci has been a member of the fire department for the past 17 years.

"As I am acquainted with the problems of the fire department, I believe I can best serve the people," Bertucci said.

He pointed out the importance of the election to the people of Broadmoor and Colma. He noted that the Fire Commission determines the fire protection policy for the area.

Gas-U-Mat Sells New Power Battery; The NIC-L Silver

The battery of the future went on sale this week at Gas-U-Mat, the super service station at 91st and Junipero Serra Boulevard.

Called the NIC-L Silver Battery, the power house is made of just what it claims . . . silver. In fact, this is the only battery on the market today which can claim that the plates are extra heavy silver alloy.

Thanks to the manufacturer's owning a silver mine in the Death Valley region, you are able to profit. The mine, too poor for commercial use, but more than good enough to mine the silver necessary for the battery, is the key of this wonder battery. No other

SF West Portal Parking Area Sought

The San Francisco Parking Authority has been asked to study possible development of a public parking lot to serve the business area of the West Portal district here.

The West Portal Merchants Association offered the Authority a \$300 check to help defray costs of the survey. Funds for the West Portal Parking area, if approved, would be drawn from the \$5,000,000 off-street parking bond fund voted in 1947.

A similar parking lot project for manufacturer, except one owning a similar mine, could afford to put these new batteries on the market at such a low price.

The battery, suitable for any car from a Ford to a Cadillac, is guaranteed for 24 months. But best of all you need add water but once a year.

These, then, are but a few of the many qualities that make this battery a must for any automobile owner.

Drop into Gas-U-Mat today, and at no obligation they will check your battery, and tell you whether you are ready to purchase a new NIC-L Silver battery.

Watch The Record and Shopper, as well as Gas-U-Mat, 91st and Junipero Serra Boulevard, for further information about this fine battery.

Top Sprinters Scheduled Soon For Bay Meadows

The top sprinters in the west are scheduled to go postward at Bay Meadows Tuesday in the \$5,000 Inaugural Handicap, six-furlong headliner of the nine-race opening day festivities.

Heading the list of probable starters are Mr. and Mrs. Elmer Smith's Star Fiddle and James N. Crofton's Special Touch.

The former won the \$15,000 Children's Hospital Handicap closing day here last November 18 and

ATOMIC BOMB LIFE SAVERS

Just what is radioactivity in relation to atomic attack?

Radioactivity is the extremely powerful burst of rays and particles in the air. If it hits you, you won't feel anything. The effects show up later. How much later depends upon how much radiation you have absorbed. But even a considerable amount is not necessarily fatal.

The first signs are nausea and shock. In extreme cases they will develop in a few hours.

In a day or two, vomiting, diarrhea and fever may follow. There may be a little pain—but discomfort, depression and fatigue. The symptoms usually disappear, then return in two or three days. In the worst and untreated cases, death follows.

If you have any symptoms, go to a medical station at once.

Red Cross Ready For Any Emergency

The Red Cross slogan for 1951 is Mobilize for Defense, a five point program designed to prepare the American public for any emergency.

One of the points of "Mobilize for Defense" is the first aid training which is being given county wide. At present there are 36 classes teaching first aid. The aim of the San Mateo County Chapter, American Red Cross is to train at least one person in every household in first aid.

New classes are being formed to take care of the demand of the residents of San Mateo County for this valuable training. However the demand is so great and the instructors so few that often a waiting period is necessary before receiving instruction.

Each resident of San Mateo County can help continue this all important program by giving generously to the Red Cross Fund Drive which is now in progress. The San Mateo County Chapter, American Red Cross needs a minimum of \$135,000 in order to carry out its 1951 program.

GOOD BRAKES

Good brakes are essential to motoring safety, says the California State Automobile Association. Have them checked regularly at a dependable garage.

POULTRY HATCHERY

Fan Coffee Cake Delight

Martha Washington's fan lent the inspiration for this novel coffee cake, designed for breakfast or luncheon sweet bread.

New attraction for the menu is a cinnamon-spiced coffee cake shaped like a fan. It's another of the many variations of a basic sweet yeast dough which provides so many pennywise treats for the family. They are nutritious, too, since enriched bread is one of the "Basic 7" foods, providing important B-vitamins, food iron and other food values needed daily.

Coffee cakes are enjoyable treats on the breakfast menu. Have you tried them, too, as combination bread-and-dessert at noontime or dinner? Fan Coffee Cake is served here with casseroles of corned beef hash topped with poached egg. Fresh grapes provide a refreshing accent.

Take the steps in shaping this coffee cake one at a time, and you'll find them easy to follow. Cinnamon and sugar are first layered through the dough so that they will swirl attractively in the fan. Then spokes of the fan are cut from a triangular sheet of dough, and each spoke is laid on its side.

FAN COFFEE CAKE

1 package yeast, compressed or dry
1/2 cup lukewarm water
1/2 cup milk
1/4 cup sugar
1 teaspoon salt
2 tablespoons shortening
1 egg

Soften yeast in lukewarm water. Scald milk. Add sugar, salt, and shortening. Cool to lukewarm. Add flour to make a thick batter. Mix well. Add softened yeast and eggs. Beat well. Add enough more flour to make a soft dough. Turn out on lightly floured board and knead until smooth and satiny. Place in greased bowl. Cover and let rise in warm place until doubled (about 1 1/2 hours). When light, punch down. Let rest 10 minutes. Roll out into square 12 by 12 inches. Brush with melted butter or margarine and sprinkle with cinnamon and sugar mixture. Fold in half. Brush top surface with melted butter or margarine, sprinkle with cinnamon-sugar and fold over again to make small

1/2 teaspoon grated lemon rind (if desired)
2 1/2 cups sifted enriched flour (about)
1/2 cup sugar mixed with
1 1/2 teaspoons cinnamon
3 tablespoons melted butter or margarine
Confectioner's sugar icing

square. Roll out into square 12 by 12 inches, brush with butter or margarine, and sprinkle with cinnamon-sugar. Fold over to form a triangle. Put on greased baking sheet. With sharp knife or scissors slash strips tapering from long edge of triangle toward point, leaving uncut near point (about eight slashes). Separate loose ends of strips and lay on side. Brush with melted butter or margarine. Let rise until doubled (about 45 minutes). Bake in moderately hot oven (350 degrees F.) 25 to 30 minutes. When cool, frost with confectioner's sugar icing and sprinkle with chopped nuts, if desired. Makes one Fan coffee cake.

"The California Water Plan" is designed for conservation, control and utilization of California's water resources for present and future needs.

Marin County is called the gateway to the Redwood Empire.

San Francisco's Mission District is called "South of the Slot" from the days when cable cars plied Market Street.

The Caminetti Act of 1884 banned hydraulic gold mining in California.

Palm Sunday Services Set

Services at the Grace Presbyterian Church this Sunday will be in keeping with the day, Palm Sunday.

Mrs. Einar Hanson will play "The Palms" as an organ solo; the Grace Church Choir will render the

anthem, "Open The Gates of The Temple," with Mrs. George Han-nah singing the solo. Miss Marian Walker is the able director of the choir.

"Honoring Christ in His Tri-phant Entry" will be the topic of the sermon delivered by Rev. Wil-liam Harberts.

Also, the largest number of new members in the history of the church will be received this Sun-day.

Sgt. Parnow Now A Lieutenant

Theodore F. Parnow, 134 West-lawn Avenue, was promoted to lieutenant in the California High-way Patrol recently. Commis-sioner Clifford E. Paterson announced today.

Formerly assigned to the San Francisco-Oakland Bay Bridge,

Parnow will replace Capt. D. J. O'Connell as commander of the Plumas Squad at Quincy.

The promotion and change of assignment is effective March 15.

Song "Birds" Now Incorporated

MARCH 18. (CNS) — Perpetuation of that famous American institution of the gay nineties—the barbershop quartet—was assured today with the filing of articles of incorporation by the Far Western District Association of Chapters of SPEBSQSA.

To those who do not remember the quartets which warbled "Sweet Adeline" and a host of favorites of another era, SPEBSQSA stands for Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., with headquarters in Detroit, Michigan.

The organization is old but the new incorporation papers filed with Secretary of State Frank M. Jordan indicate a renewed drive to save a page from the past when vaudeville was king and the movies a novel but unsatisfactory bit of entertainment. Directors named in the incorporation papers are members resident in many far western states and include: Harvey Dixon, Berkeley; Don Libby, San Mateo; Albert Boatwright, Palo Alto; and Ernest L. Nelson, San Jose.

HONEY LAKE

Honey Lake, reported by the National Automobile Club to be a dry, alkaline basin located in Lassen County, was once a large freshwater lake.

CSAA Opposes State Tax Boost For Motorists

Opposition to all pending State Legislative proposals to increase taxes and fees on motor car owners was announced today by the Board of Directors of the California State Automobile Association.

Various measures have been in-

roduced in the Legislature to speed up California highway construction by providing additional revenue through higher taxes on the motorist, such as a two cent a gallon increase in the gasoline tax and similar levies. Other bills would increase motor vehicle license fees for various purposes.

Payments High

California motorists now pay 4½ cents state gasoline tax and 1½ cents Federal tax. Congress is considering a proposal to increase the Federal gasoline tax to 3 cents and the CSAA pointed out that State and Federal proposals combined would jump the total gasoline tax paid by California motorists from 6 cents a gallon to 9½ cents.

The three major state tax increase proposals now pending before the California Legislature would raise an additional \$238,800,000 per year at the expense of motorists in this state, according to the CSAA.

U. S. Treasury Department proposals for new automotive taxes on gasoline and as excise on new cars would add more than \$100,000,000 per year to the Federal Government's "take" from California motorists, the CSAA estimated.

Opposition

Announcing its action "to oppose all measures to increase state motor taxes at this time," the

California's Lure Drops Last Month

MARCH 15. (CNS) — Whether due to unsettled world conditions or unfavorable weather, California apparently lost its lure for those in other states last month and inspectors at border plant quarantine stations reported a decrease in those entering the state.

The 16 border stations checked 136,760 automobiles crossing into California during the month, a decline from the January total of 151,101. Passengers in cars and buses totaled 394,165 in comparison to 453,143 who entered during January.

Only three border stations — Truckee, Dorris, and Redwood Highway — showed a slight increase in traffic last month over the January total.

Truckee checked 14,125 automobiles, as compared to 13,831 the month before. However, total commercial vehicles, buses and passengers in all types of vehicles declined.

Dorris showed a slight increase in all but buses, as did the Redwood highway station.

Heaviest decrease was through Southern California border stations which were well down from January totals.

Heart Disease Is No. 1 Killer

Heart Disease is San Mateo County's No. 1 killer . . . it was revealed today by the State Department of Public Health with statistics showing that 881 San Mateo County residents died from heart trouble last year.

The disease holds a similar position throughout the nation . . . killing 637,679 people last year, making it the leading cause of death, taking a greater toll than the next five diseases combined.

Because of these staggering fi-

gures, the American Heart Association was organized to do research work in heart disease and carry out an educational campaign to combat its destructive influence.

"The Heart Fund" was created to finance the program and this year's national campaign goal is \$6,000,000. San Mateo County's part in this fund is \$10,000.

So far only \$3400 has been raised here, leaving a balance of \$6600 to make the quota.

Julio Dougherty of Hillsborough and Mrs. Frances Tinney of Redwood City are co-chairmen of the drive for the San Mateo County Heart Association.

Eagles To Mark St. Patrick's Day

Golden Gate Aerie No. 61, Fraternal Order of Eagles is planning a gala celebration of St. Patrick's Day, on Saturday evening March 17, 1951.

First a corned beef and cabbage dinner will be served, followed by an old time dance, both to be held

at the New Aerie Home, 3053 Sixteenth Street, San Francisco. Music for the dance will be furnished by Pete Butti's orchestra.

at the New Aerie Home, 3053 Sixteenth Street, San Francisco. Music for the dance will be furnished by Pete Butti's orchestra.

Reservations must be made in advance with Secretary George Duddy. Handsome door prizes will be awarded to lucky people. Irish decorations of harps, shamrocks, pipes, colleens, scenes of Ireland, will abound through the halls.

MECHANICAL CHECK-UPS

It may seem a bother to have thorough mechanical check-ups made on your car at regular intervals, declares the National Automobile Club, but that seemingly waster time will be repaid a thousand fold when an emergency occurs that requires split-second action on the part of the driver, and precision response on the part of the car.

CSAA Board issued the following statement:

"While sympathizing with the desire to expedite highway improvements, we believe it would be most unwise and unsound to impose additional state taxes on motor car owners at this time.

"It appears inevitable that the nation's stepped-up defense program, coupled with manpower and material shortages, will result in some curtailment of normal highway construction activities.

"The Federal Government's tax program for defense contemplates additional automotive taxes and this is no time for the State to pile extra taxes on California car owners already subjected to a very heavy tax burden."

KEEP THIS IN MIND

A little oil on the carburetor con-
trols will do much to save wear,
advises the National Automobile
Club. This applies to the shaft of
the throttle valve, the rods or
plunges for the auxiliary air or
gas valves, and to the accelerator
control assembly. These parts fre-
quently appear to be lubricated
merely because they are covered
with gasoline from the carburetor,
which is just another way of say-
ing they are sadly in need of real
lubrication.

Salaries Can't Keep Up With Higher Costs

MARCH 15. (CNS) — Salaries paid workers have doubled during the past decade but the cost of meats and groceries have increased three to four times, a comparison of price statistics for the current year and the 12 months prior to pearl harbor showed.

Employment agency records show that junior clerks were paid \$80 in 1941, intermediate clerks \$100, and senior clerks \$140.

Rents in Sacramento during 1941 ranged from \$16 to \$45 a month on an average, depending upon location and what was offered. A leg of lamb cost \$1.25, steaks 23 to 25 cents per pound, roasts the same amount, and cheaper cuts of meat about 12 cents the pound.

Coffee was 25 cents per pound, eggs 23 to 24 cents a dozen, milk 10 cents per quart, lard 10 cents per pound, shrimp 12 cents per can, and bread eight cents for a one-pound loaf. If you imbibed, beer was four cans for 26 cents and whiskey (bonded) \$1.55 per quart.

Workers today are paid \$180 for junior clerks, \$200 for intermediates, and \$220 for seniors to start. Rents range from \$35 for the \$16 apartment to \$125 for a house which in 1941 could be rented for \$45 to \$60.

Coffee is 89 cents per pound, a leg of lamb costs \$4.25 to \$4.75, milk 18 cents per quart, lard about 30 cents per pound, eggs 55 to 65 cents, bread 17 to 23 cents for a one-pound loaf, beer four cans for 62 cents, and the same whiskey \$3.89 to \$4.89 per fifth.

Added to this strain on the worker's budget is the increased cost of shirts, shoes, suits, overcoats and a host of other articles within his 1941 budget, but untouchable now.

**MOTOR VEHICLE
PRODUCTION FOR 1950**
United States factories turned out a total of 8,002,782 motor vehicles during 1950, reports the National Automobile Club. Of this total, 6,665,628 were passenger cars, 1,332,247 were motor trucks, and 4,907 were motor coaches.
